I. ABOUT AEPA

The Association of Educational Purchasing Agencies (AEPA) is a school procurement consortium established in 2000 through a Memorandum of Understanding, and incorporated in 2007 under the state laws of Nevada. Currently, 24 states have joined to issue simultaneous Invitations for Bids (IFB).

AEPA requests that Bidders only respond if they are able to offer prices lower than what they ordinarily offer on separate, single school district contracts, and with prices lower than they would offer on single state contracts or multi-state contracts that have a lesser volume.

AEPA's mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goals include working to secure multi-state volume purchasing contracts with benefits that are measurable, cost-effective and continuously exceed our members' expectations. AEPA is committed to accomplish this mission lawfully and ethically, using leading edge technology and futuristic business practices.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a manner in which they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

II. BID PROCEDURES

A. *Issuing Agency*

The great benefit to the Bidder is that one response may be prepared for approval by AEPA and award by multiple AEPA Member Agencies and utilized by their Participating Entities located throughout many states. These 24 AEPA Member Agencies have Participating Entities in various other states that are identified in their individual state's T&Cs. Bidders responding to this IFB will prepare two computer/electronic CD or USB Flash Drive of all files requested along with complete catalogs. Bidders selected in response to this single IFB have the potential to provide products and services to local education agencies serving over 25,000,000 students.

Each AEPA Member Agency will individually publish notice of the IFB. Bidders will send responses to a single receiving point for all AEPA Member Agencies. Responses will be evaluated by all AEPA Member Agencies collectively who have indicated they will participate in the category of products and services being solicited, and after AEPA approval, individual AEPA Member Agencies may award contracts to the AEPA Approved contractors or reject their offers.

The procurement activities of AEPA are limited to document preparation, distribution of the IFB, initial evaluation, and recommendation for possible approval to AEPA Member Agencies. AEPA consists of agency officials who have agreed to assist one another in meeting the public purchasing needs of local school districts and other political subdivisions.

Contracts awarded through cooperative purchasing must meet the procurement laws of the states of each AEPA Member Agency. When these laws are satisfied, an individual entity using these contracts is deemed in compliance with bidding regulations. As allowed by specific state statutes, they can issue purchase orders for any amount without the necessity to prepare their own IFB, RFP, or gather necessary quotations. This saves the entity time and allows for economical and efficient purchasing.

State laws that permit or encourage cooperative purchasing contracts do so in the belief that it saves the participants both time and money. Time is saved by having access to volume discounted contracts publicly solicited and being able to purchase what is needed without having to wade through the solicitation process (write solicitation, advertise the IFB, open each response, evaluate and make a selection). Money is saved in procurement cost and lower prices will be the result of volume purchasing. *Therefore, a contract issued by a cooperative can be used by hundreds of separate political units; but if it has the same or higher prices than what a single agency or state contract can get through its own bid, a cooperatively bid contract makes no sense.* **AEPA requires that Bidders only respond if they are able to offer prices lower than what they ordinarily offer on separate, single school district contracts, single state contracts or multistate contracts of equal or lesser volume. Anyone who downloads the bid documents and fails to submit a bid shall be deemed as a No-Bid Response.**

AEPA policy for membership permits new Agencies to become AEPA Member Agencies upon approval of existing members. If additional Agencies are added, they and their members may procure from existing contracts upon approval of the awarded contractors and in accordance with their state laws.

**B. Voluntary Pre-Bid Conference Call – Pre-Registration Required by September 6, 2011,
3:00 PM EDT. (No exceptions)**

AEPA will host a voluntary pre-bid conference call on Friday, September 9, 2011, for any interested Bidders or potential Bidders. The conference call times are set in the following schedule for each of the four contiguous United States time zones. Bidders must register no later than Tuesday, September 6, 2011, 3 PM EDT, by emailing Pre-bid Conference Call Registration Form(found on AEPA website) to [Jill Gemberling at jgemberling@csiu.org](mailto:jgemberling@csiu.org) or by faxing registration form to 888-490-3184. No registration will be accepted after this date. Bidders must indicate which bid category or categories that they would like to participate in their registration. An email confirmation with details of the phone conference will be sent to the Bidder at least 24 hours prior to the conference call. Each Bidder will be allowed only one phone line to participate in conference call. It will be the Bidder’s responsibility to have one primary person responsible for asking questions during the conference call. Recording of the conference call will be posted on the AEPA Website.

H. Contract Award and Implementation

An AEPA oversight committee will perform initial bid response review and evaluation and will prepare and make a recommendation to AEPA for its considerations and approval. Those selected Bidders who were approved by AEPA will then be considered by the AEPA Member Agencies for contract award.

Once the approved Bidders have been notified by AEPA, it is their responsibility to contact those AEPA Member Agencies who had indicated an interest in participating in the category solicited (up to 24) and provide a complete bid package as submitted to AEPA. Each AEPA Member Agency will review, evaluate and determine which, if any, it will award contractsto.

It is achieved by explanation or substantiation, either in response to an inquiry by the AEPA Member Agency or as initiated by the Bidder. Clarification does not give the Bidder an opportunity to revise or modify its bid.

Responses below the competitive range will be determined to be unacceptable and will not receive further consideration.

Contract Documents: AEPA Member Agency will review proposed contract documents. Contractor's contract document shall not become part of AEPA Member Agency's contract with Contractor unless and until an authorized representative of an AEPA Member Agency reviews and accepts it.

Contract Type - This is an indefinite quantity contract and the contract types are as follows:

1. Fixed discount off retail or off published price list; or

The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which the purpose will be accomplished. [The AEPA Member Agencies believes it is better for the Contractor if the AEPA Member Agency places the slow-paying Agency Member on "credit hold," if a Contractor places the Participating Entity on credit hold, agencies that pay promptly are penalized. If, on the other hand, the Member

Agency places the offending Participating Entity on “credit hold”, payment is more likely to result and only the offender is disciplined.]

Price: Within Part B: Bid Specifications and Part C: Bid Forms of this solicitation AEPA has identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit the Bidder's bid prices. The Contractor agrees that the cost for any item bid or offered on this contract will be uniform for all states, and that any differences in pricing are due to actual freight (shipping/delivery) costs; state specific installation and labor costs, AEPA Member Agency's Administrative Fee, etc. The Bidder, within their response must describe and provide their pricing as requested utilizing the various pricing methodologies specified. Due to the various type and kinds of products and services that may be solicited by AEPA; the nature, characteristics, attributes and make of the products and services solicited; and the different methods utilized to price the products and services solicited. Please note the following item that relate to pricing.

1. **Pricing Methodologies.** The following pricing methodologies have been established.

A. Fixed or Catalog Pricing: Is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price, catalog price, published price or list price. The discounts may be for the entire catalog, for specific products, product lines, manufacturer or category of products. Prices may change based on manufacturer's price changes, new published pricing or price lists. New products may be added at the established percentage discounts at any time and discontinued products may be dropped at any time during the contract term. The Bidder may offer tiered and/or additional volume discount(s) based on amount purchased at one time.

B. Line-Item price list: Products and/or services that are broken down in detail by element, component, product categories, product type and each product and/or service is presented as an individual item which needs to be combined with other items to make up a final project or solution. The information provided on each item includes.

1. Product Vendor/Manufacturer
2. Product Number
3. Product Name
4. Product Description
5. Unit of Measure
6. Item Price
7. Category
8. Brand
9. Manufacturer's number

C. Automate System for Pricing (ASP): The method consisting of an ASP and/or software application (RSMMeans, Gordian) that is self contained and consist of a turn-key solution that includes a complete line-item listing of all of the products, supplies, materials, equipment, services, accessories and options with their description, specifications, terms, conditions and associated pricing for each item, sub-assemblies and/or

assemblies. The Bidder provides a percent of discount or fixed multiplier/factor to be applied to total project cost to allow for individual state conditions and requirements and to arrive at the AEPA price.

- D. Alternative Method of Costing:** This method covers any product and/or service not covered by catalog pricing, published price list, line-item price list, automated system for pricing, or is a product and/or service due to the projects or applications specifications, conditions and/or requirements that need to be custom designed, developed, manufactured and/or produced to meet the requirements of an individual project or sole source. The alternative pricing is calculated as follows:
- a. The Bidder must prepare, issue and receive three written quotes from available suppliers and select the supplier that offers the products and services that meets the stipulated requirements and specifications and the most cost effective solution. All quotes must be made available upon request.
 - b. The Bidder must indicate the percent of overhead and/or markup as part of their response to be added to these costs to obtain the normal and customary retail price.
 - c. The Bidder must indicate the percent of discount offered to AEPA and its Participating Entities on the normal and customary retail price.
 - d. The AEPA price is calculated by taking the product and services cost to the Contractor plus the indicated percent of profit/overhead to equal the normal and customary retail price. The Contractor will then subtract the approved AEPA discount to obtain the AEPA price. Example: item cost \$1,000; percent of profit/overhead of 20% equals retail price of \$1,200; less the AEPA discount of 10% or \$120 equals the AEPA price of \$1,080.
- E. Open-Item or Combined pricing:** Is when the product and/or services consist of a number of different variables or configurations that must be identified before a price can be established or the pricing is based on an established pricing methodology (custom manufactured items) or price book such as RS Means/Gordian, in which the scope of work or design is specific to an individual project or application. The Contractor provides the individual project cost in a specially prepared quote based on the project's terms, conditions and requirements.

- B. Fixed prices:** Fixed price offers shall include prices for any and all items. Fixed prices shall be firm until each anniversary date of contract, unless there is an occurrence of one or more economic price adjustment contingencies outlined in the bid. If economic price adjustment contingencies occur, or not less than thirty (30) days prior to each contract anniversary date, Contractor may submit a fully documented request for price adjustment to AEPA and then to Member Agency. The documentation must substantiate the cause and/or reason for the requested price increase and demonstrate that it was unpredictable at the time of bid submittal and/or contract renewal and out of the Contractor's control. Pricing will take effect thirty (30) days after approval and acceptance.
- C. Discounts:** Discount offers must clearly identify percent of discount to apply to catalog, manufacturer, MSRP, retail or published price lists. Bidders shall identify and stipulate if the discounts apply to the entire

catalog, price list, specific product lines, manufacturers and categories of products. If multiple discounts apply, Bidder shall clearly indicate the discounts (pricing points, tiered pricing/quantity levels, etc.) to the respective applicable products or services. Bidder shall agree that there will be no reduction in discount(s) during the term of the contract.

- D. Shipping, installation, and returns:** Prices may change based on manufacturer's price changes and new products may be added at the established percentage discounts at any time. - F. New catalogs/price lists:** New price lists or catalogs may be submitted throughout the term of the contract and the AEPA Oversight Committee has the option to review the new price lists or catalogs to determine if the new prices or an alternative option is in AEPA's best interest. New price lists or catalogs found to be non-compliant or non-competitive at any time during the contract would be grounds for terminating the contract.

- I. Most Advantageous Pricing:** The Bidder/Contractor must agree that they will not offer or provide an equal or lower cost to any state or multi-state contract for a volume equal to or lesser than that through AEPA.

Right to Assurance: Whenever one party to this contract in good faith has reason to question the other party’s intent to perform, he/she may demand that the other party give a written assurance of this intent to perform. In the event that a demand is made and no written assurance is given within ten (10) days, the demanding party may treat this failure as an anticipatory repudiation of the contract.

Safety Measures: Contractors shall take all necessary precautions for the safety of employees on the worksite, and shall erect and properly maintain at all times, as required by job conditions and progress of the work, all necessary safeguards for the protection of the workers and public. They shall post danger-warning signs against the hazards created by their operation and work in progress. Any failure to supply such a letter or to not

disclose in the letter all the pertinent information may result in the cancellation of any resulting contract. By signing the bid section, the Bidder certifies that no current suspension or debarment exists.

Tare: If the Contractor requires the Buyer to pay for shipping, the weight of the empty container and any material used for packing shall be of the lightest weight practical for safe delivery of the contents.

Term of Contract and Extensions: The term of the agreement shall commence on the date of the award by the Member Agency and continue in accordance with the dates stipulated in the Bid and Timeline schedule located in Part A of this bid unless terminated, canceled or extended. By mutual written agreement, the contract may be extended for three additional 12-month periods, ending on the last day of February. Member Agency reserves the right to offer month-by-month extensions until a new contract is awarded. AEPA may choose to recommend the contract extension. If so recommended, an individual Member Agency may choose to not extend the contract.

Termination by Non-Approval of AEPA: AEPA Member Agencies on annual basis assess, evaluate and review existing AEPA vendors to determine if the organization as a whole desires to extend its approval of those vendors. If an existing AEPA vendor's approval is not extended for an additional term, the AEPA Member Agencies can not extend the dis-approved vendor's contract. (See term of Contract and Extensions)

Termination by AEPA Member Agency: An AEPA Member Agency may cancel any contract secured by the solicitation without any further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the AEPA Member Agency is or becomes, at any time while the contract or any extensions of the contract is in effect, an employee of, or a consultant to any other party to this contract with respect to the subject matter of the contract. Such cancellation shall be effective when the parties to this contract receive written notice from the AEPA Member Agency unless the notice specifies a later time. Cancellation by one AEPA Member Agency does not require other Agencies to cancel their contracts.

Termination for Convenience: AEPA Member Agency reserves the right to immediately terminate this contract, without penalty or recourse, in whole or in part, if the AEPA Member Agency determines that termination is in the best interest of Participating Entities. The Contractor, after receipt of a "Notice of Termination," shall not accept any new orders after the termination date specified in the notice. Any termination shall have no effect on projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

Contractor shall be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed and materials accepted before the effective date of the cancellation. The Contractor will not be reimbursed for any anticipated profit.

The AEPA Member Agency reserves the right to cancel, or suspend the use thereof, any contract resulting from this IFB if the Contractor files for bankruptcy protection, or is acquired by an independent third party.

Contractor may cancel this contract upon written notice to the AEPA Member Agency prior to the intended termination date (or on the yearly anniversary of the bid). Any termination shall have no effect on projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

Termination for Default: If either party is in default under this contract, it shall have an opportunity to cure the default within the time indicated (ten business days in most states) after it is given written notice of default by the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party shall have ten business days to provide a satisfactory response to the AEPA Member Agency. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party shall have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement shall not constitute a waiver of any of the parties' rights hereunder.

The AEPA Member Agency reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the AEPA Member Agency, upon request, with adequate assurances of future performance. In the event of termination for cause, the AEPA Member Agency shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the AEPA Member Agency or any Participating Entity for any and all rights and remedies provided by law. If it is determined that the AEPA Member Agency improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

The AEPA Member Agency will issue written notice to the Contractor for acting or failing to act in any of the following:

1. The Contractor provides material that does not meet the specifications of the contract;
2. The Contractor fails to adequately perform the services set forth in the specifications of the contract;

3. The Contractor fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Contractor fails to make progress in the performance of the contract and/or gives the AEPA Member Agency reason to believe that the Contractor will not or cannot perform to the requirements of the contract;
5. The Contractor fails to observe any of the terms and conditions of the contract;
6. The Contractor fails to follow the established procedure for purchase orders, invoices and receipt of funds as stipulated by the AEPA Member Agency.

Termination for Non-Appropriation: Any individual Buyer's procurement/contract covered by this bid and executed in accordance with resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of court order, or because of insufficient appropriations made available to the Buyer's governing board and/or its State Legislature. Such termination will be effected by sending fifteen (15) days written notice to the Contractor. The Buyer's decision as to whether sufficient appropriations and authorizations are available shall be accepted by the Contractor and shall be final.

Title and Risk of Loss: The title and risk of loss of material or service shall not pass to the Buyer purchasing the material or services until it actually receives the material or service at the point of delivery, unless otherwise provided within this document.

Trade-in Equipment: Equipment for trade-in shall be dismantled by the Contractor and removed at its expense. The conditions of the trade-in equipment at the time it is turned over to the Contractor shall be the same as when the original agreement was made, except as affected by normal wear and tear from use between the time of the bid and the trade-in. Values placed on trade-in products are between the Buyer purchasing the new unit and the Contractor.

Type of Bids Due to the various types, kinds and levels of products and services solicited by AEPA in its IFBs; the various pricing methodologies/methods utilized and offered to price the various products and services offered; and the type of contracts that results from any one of AEPA's/bids, AEPA has established the following two types of bids.

1. **Catalog Bid:** A catalog bid is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The items are offered through a published catalog, price list and/or on-line catalog. Bidders offering such products and/or service establish the AEPA price by applying percentage discount(s) on the catalog price, published prices or price list. The discounts may be for the entire catalog, for specific products, product lines, manufacturer or category of products. Prices may change based on manufacturer's price changes, new published pricing or price lists. New products may be added at the established percentage discounts at any time and discontinued products may be dropped at any time during the contract term.
2. **Line Item and Open Item Bid:** Is utilized when the products and services solicited cannot be identified or listed as a single unit; consists of a number of different variables and configurations, it is necessary to identify the specific project or application; the end product or solution is made of individually priced elements or components and the end product's or solution's cost is derived by the Contractor specially prepared and providing a quote based on the project's terms, conditions and requirements.

Warranty: Contractor warrants that all commodities, supplies, materials, equipment, software and service delivered under this contract shall conform to the specifications of this contract. All items should carry a warranty equal to the intended life cycle or a minimum 12-month manufacturer's warranty that includes parts and labor unless otherwise specified and agreed to. The manufacturer has the primary responsibility to honor a manufacturer's warranty; a distributor or dealer agrees to assist the purchaser reach a solution in a dispute with the manufacturer over a warranty's terms. Any extended manufacturer's warranty will be passed on to the Buyer. For example, if a voice board has a three-year warranty, but the board is in a turnkey system that has a one-year warranty, the voice board's three-year warranty must be honored by the manufacturer and the Contractor. All extended warranties must be passed on, without exception. If, upon discovery, the Contractor charges a Buyer for a replacement part that the Contractor actually received at no cost under a warranty, the Contractor will rebate the amount billed and the Buyer reserves the right to cancel the contract.

IV. MEMBER AGENCY SPECIFIC TERMS AND CONDITIONS

A single IFB is being published and distributed on behalf of the Member Agencies in many states. Differences in contract implementation and operation will exist between the Member Agencies. Common Terms and Conditions of all individual states are as follows:

In addition to the common Terms and Conditions above, each **Member Agency** has submitted Terms and Conditions appropriate for their State. Each State consists of the following information:

A. Additional Member Agency General Terms and Conditions that apply for all categories identify items that apply to the procurement process in addition to the previously listed *General Terms and Conditions*.

B. Additional Member Agency Terms and Conditions for Non-Construction Products and Services identify items that specifically apply to the procurement process for non-construction products and services in addition to the previously listed *General Terms and Conditions*.

C. Additional Member Agency Terms and Conditions for Construction Products and Services identify items that specifically apply to the procurement process for construction products and services in addition to the previously listed *General Terms and Conditions*.

D. Procedure for Processing Orders defines the process for accepting purchase orders, delivering the services and goods, invoicing for the items and obtaining the funds in payment for the goods and services. Some Member Agencies will have the Buyers send them the purchase orders; others will have the individual Buyers send the purchase orders directly to the Contractor. **Member Agency** processes differ, and it is the responsibility of the Contractor to become familiar with the procedures in each state.

E. Agencies Allowed to Purchase under the Member Agency describes who is able to purchase under this contract in each of the states. Several Member Agencies provide services to all districts in those states. Other Member Agencies may have fewer types of agencies that are allowed to purchase, but actually have a greater potential because of the population density. A few Member Agencies will provide services to more than the education community. The table at the beginning of the IFB summarizes the Member Agencies and the number of students contained in the member procurement units.

1. California, Monterey County Office of Education d/b/a CalSAVE

A. *Additional Agency Terms and Conditions*

1) **Governing Law and Venue**

The laws of the State of California govern the Contract and prevail in the interpretation and administration of the Contract. California-specific Terms and Conditions prevail over any General Terms and Conditions. Each and every provision of law and clause required by law to be included in the Contract shall be deemed to be inserted herein and the Contract shall be read and enforced as though it were included. If through mistake or otherwise any such provision is not included, or is not currently included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction.

The venue for any litigation arising out of or related to the Contract shall be with either the Superior Court in and for the County of Monterey, State of California or the Federal District Court for the Northern District of California, San Jose Division.

2) **Authority**

For California, this bid is issued under the authority of the elected Monterey County Superintendent of Schools, who administers the Monterey County Office of Education (MCOE), located at 901 Blanco Circle, Salinas California, 93912. In this document, MCOE may be referred to as Agency, being distinct from other parties who may use this contract who are hereinafter referred to as Local Education Agencies (LEAs), regardless of their hierarchy or their political and organizational status as schools or municipalities.

3) **CalSAVE, Administration, and Agent**

Contracts awarded and Awarded Contractors/Vendors will automatically be part of the CalSAVE program. CalSAVE is the cooperative purchasing program founded by the Monterey County Office of Education and administered by the Epylon Corporation under a contract with MCOE, in cooperation with the California County Superintendents Educational Services Association (CCSESA). MCOE is the lead agency for all Contracts, and the Monterey County Superintendent of Schools is the authority for the solicitation, evaluation and award of all contracts. Epylon serves as MCOE's agent, but only the Monterey County Superintendent of Schools has the authority to award contracts. Correspondence and communication related to the contract award or administration of the program should be directed to Epylon, 3675 Mt. Diablo Blvd, Suite 110, Lafayette, CA 94549.

MCOE reserves the right to change agents or to change the contact name of existing Agent's personnel administering the contract. If Agent or Agent's personnel change, Awarded Contractors/Vendors will be notified with new instructions.

4) **Transaction Fees**

Transaction Fees are the funding source for the operation of the self-supporting CalSAVE cooperative purchasing program. Awarded Contractors/Vendors shall be required to pay a Transaction Fee for all purchases by LEAs made through the awarded Contract. For the purpose of this bid through Monterey County Office of Education and all Contracts awarded using this document, the Transaction Fee shall be 2 percent of Net Sales, which means gross sales less returns and cancelled orders within 30 days, shipping and sales and other taxes (excluding taxes based on net income). Transaction Fees will not be charged to or paid by the buyers themselves. Neither Awarded Contractor/Vendor nor its designated authorized reseller(s) shall include any additional amount corresponding to the Transaction Fees in the awarded Contract prices. This Transaction Fee applies to all orders, regardless of the method used to submit the order, or the quantity or dollar amount of the order.

Epylon will collect the Transaction Fee on behalf of the CalSAVE program. The Contractor/Vendor will make all participation fee payments within two weeks after sending the quarterly report. Checks are to be made payable to the Epylon Corporation and sent to 3675 Mt. Diablo Blvd., Suite 110, Lafayette, CA 94549. ATTN: CalSAVE.

5) **Non-Conforming Jurisdictions**

Notwithstanding Section A.4 (immediately above) no Transaction Fee is authorized to be charged to Awarded Contractors/Vendors for sales within any jurisdiction where prohibited by law or local-government policy. Instead, the cost of products, services, licenses and goods sold under this contract in such jurisdictions shall be the same as all for school districts in all other counties of California. However, any LEA using this contract where Section 4 fees are not permitted shall be required to pay a 2 percent fee for use of the contract, imposed by MCOE on the authority of Public Contract Code Section 20118 and 20652, which allows MCOE to charge reasonable costs to the public corporation or agency for furnishing the services incidental to the purchase of items under contract.

6) Reports

The Contractor/Vendor will compile a quarterly report listing each purchase made by participating Agencies under this contract, and send them by the 15th of April, July, October, and January to Racquel Landolf with the e-mail address of rlandolf@CalSave.org. These reports shall be in Microsoft Excel format and shall have file names that identify the contractor/vendor and the month being reported. The file at a minimum shall include the fields listed below and shall allow for sorting on any of these fields:

- Date of Order
- Name of Participating Agency (LEA)
- Description of Item Purchased
- Manufacturer's SKU Number
- Quantity
- Contract Unit Price
- Extended Price
- List Price Before AEPA Discount

7) Length of Term

The term of the agreement shall commence on the date of the award, and continue as stipulated in General Terms and Conditions, unless terminated, canceled or extended. Contract may be terminated by MCOE if LEAs have not used the contract in any 12-month period, or if orders from participating LEAs do not total \$10,000 in any 12-month period.

8) Marketing and Advertising under this Agreement

Vendor will actively promote use of this contract by LEAs in California. Vendor must comply with the marketing plan offered as part of its bid submission. Unless other arrangements are made with the CalSAVE administrator, vendor is also required to perform the following:

- a. Vendor will include the approved CalSAVE logo, web address, and toll free number in all print electronic mail and other advertising and promotion intended for release to California K-12 schools, excluding national marketing releases.
- b. The CalSAVE logo and associated CalSAVE information shall be of a clearly readable size and in appropriate proportion to other elements in the print material.
- c. Vendor agrees to provide CalSAVE with a copy or proof sheet of the advertisement or promotion material. Vendor will provide CalSAVE with date of release and name of publication, journal, etc.
- d. Vendor shall place a supplied CalSAVE vendor sign on booths, tables, etc. of any or all exhibits for which the vendor displays/participates at California tradeshows, conventions and the like. Vendor will supply in advance scheduled exhibit dates. Vendor agrees to make available at the exhibit CalSAVE supplied brochures or other promotion materials.
- e. Vendor agrees to insert the approved CalSAVE logo, web address, toll free number on the vendor's web site promoting or a specific CalSAVE landing page and providing a link to the CalSAVE website.
- f. Vendor will supply product catalog information, product description, pricing, etc. as requested by CalSAVE in a spread sheet format as specified by CalSAVE for inclusion in the CalSAVE website.
- g. Requested materials will be submitted to CalSAVE within 30 days.

B. Additional Member Agency Terms and Conditions for Non-Construction Products and Services

1) Conformance to Public Contract Code 20111

An award by the Monterey County Superintendent of Schools under this solicitation will be for the purchase of equipment, materials, supplies, services or repairs to be furnished, sold, or leased in accordance with Public Contract Code 20111 and 20650. Awards shall include allowance for installation and assembly services incidental and necessary to the use of the equipment, materials, supplies and repairs purchased or leased.

2) Conformance to Public Contract Code 20118 and 20652

All public agencies (LEAs) are authorized by law to purchase off a contract awarded by an agency that has itself gone to bid, including all K-12 schools districts, community college districts, special districts and JPAs serving education, pursuant to Public Contract Code Sections 20118 and 20652. Using these statutes, the Monterey County Office of Education hereby declares its intent and authorization to make all contracts awarded under this contract "piggybackable" by other agencies in the state. The Agency waives any right to receive payment from other California agencies making purchases off the awarded contracts and those agencies will make payment directly to the vendors. Any legislative changes to Public Contract Codes 20118 and 20652 during the term of the contract(s) with Award Vendor(s) shall apply to the contract(s) immediately when such changes become law.

3) Additional Piggyback and Standard School Supply and Equipment Authority

The Monterey County Office of Education declares that items, materials, personal property, equipment and licenses under Contract as a result of this Invitation to Bid will qualify as items to be included within its Standard School Supply and Equipment List. Because many County Offices of Education have banded together to create both the EdBuy and the CalSAVE programs for the purpose of collectively creating both a standard School Supply & Equipment List and cooperative contracts, the items solicited and awarded through this bid may also constitute a portion of an official Standard School Supply and Equipment List for other participating County Offices of Education and County Superintendents of Schools. Purchases by other County Offices of Education and LEAs may be made, not only in accordance with Public Contract Code 20118 and 20652, but also in accordance with Education Code 38110 and 38112 dealing with cooperatives and Standard School Supplies & Equipment.

C. Additional Member Agency Terms and Conditions for Construction Products and Services

1) Intended for Personal Property

An award by the Monterey County Superintendent of Schools under this solicitation will be for the purchase of equipment, materials, supplies, services or repairs to be furnished, sold, or leased in accordance with Public Contract Code 20111 and 20650. Awards shall include allowance for installation and assembly services incidental and necessary for use of the equipment, materials, supplies and repairs purchased or leased. When any services or repairs fall into a category of Public Works as defined in Public Contract Code 22002, an LEA may use this California contract only up to \$14,999 for labor and services, but for an unlimited dollar amount for any supplies, materials, equipment or personal property to be staged and ready for use in a local Public Works project.

2) Public Works Limitations

When Public Works services cost \$15,000 or more, an LEA, under most situations, must bid itself independently for the services and labor related to the public work, but may use this contract for the contracted supplies, material or equipment related to the project. If circumstances allow, LEAs may also combine this competitively bid contract with other alternative authorities for Public Works projects, as may be allowed by law, such as Public Contract Code 22030, Education Code 17406 or Government Code 1466. LEAs should consult with their own legal counsel to see if such statutes apply to their Public Works projects.

D. Procedure for Processing Orders

1) Start date

Once the award is made to the Contractor/Vendor and signatures have been placed on the contract from both parties, the Awarded Contractor/Vendor is authorized to begin selling to eligible Agencies. MCOE will begin informing LEAs of the Contract once the Contract has been signed.

2) Prices and Requests for Quotes

The Awarded Contractor/Vendor, in cooperation with MCOE's agent, must make provision for LEAs to quickly ascertain bid prices by posting prices, posting a link or contact for prices, distributing catalogs and price lists, responding to requests for quotations, or participating in eCommerce.

The 2 percent Transaction Fee on all sales is a cost of doing business to the vendor and the requirement for the fee is publicly disclosed in these bid documents for the edification of all buying agencies and LEAs. Transaction fees should not appear as a line item on a quotation or on listed bid pricing. The final price quoted or displayed must be inclusive of the participation fee on all pricing and quotations.

3) Submission of Orders and Delivery

After entering into an agreement with MCOE, an LEA electing to use this Contract will enter into a separate contract with the Vendor by way of a purchase order or separate contracting document ("Separate Contract"). Purchase orders will be issued by participating LEAs to contractor/vendor.

LEAs will fax or mail purchase orders directly to the CalSAVE office (fax (866) 488-3729), unless other arrangements have been made and agreed to by the CalSAVE Administrator. LEAs may also use Epylon eCommerce software for transmission of purchase orders. Standard business practice is for all purchase orders received by 3:00 p.m. Pacific Time to be logged and forwarded to the appropriate vendor on the same day received, unless unusual circumstances occur.

Awarded Contractor/Vendor will deliver goods, services and corresponding invoices directly to the participating LEAs and receive payments directly from the participating LEAs as per bid specifications.

E. Agencies Allowed to Purchase under the Member Agency

1) Other Agencies' Right to Purchase.

CalSAVE is a self-supporting contracting program led by the Monterey County Office of Education. Contracts are made available to all California public school districts, private and non-public schools registered with a county office of education or state Department of Education, charter schools, community college districts, eligible state agencies, non-profits (particularly those such as PTAs buying on behalf of schools or government), and any other agency allowed by law – all referred to as LEAs.

Subject to the following terms and conditions, the Monterey County Office of Education (MCOE) consents to LEAs purchasing items at the same unit price(s) or pricing formula under the terms and conditions of this Contract, as may be authorized by Sections 20118 and 20652 of the Public Contract Code or other legal authority:

- a) Any other agency (LEA) authorized by law to use this Contract for its own purchase(s) from the Awarded Contractor/Vendor or their authorized resellers shall by default enter into a standard agreement with MCOE, which *inter alia* will include the terms, conditions, and information set forth in this paragraph *a* and paragraphs *b* through *i* below.
- b) After entering into a standard agreement with MCOE, an Other Agency electing to use this Contract will enter into a separate contract or purchase order ("Separate Contract") with the contractor/vendor. The Separate Contract is subject to and includes and/or incorporates all applicable terms of this Contract and the specific requirement that the Awarded Contractor/Vendor comply with the provisions set forth in paragraph below regarding payment of the 2 percent Transaction Fee (or the non-conforming jurisdiction fee) to be collected by the Epylon Corporation. MCOE will not be a party to any Separate Contract, but will be considered a third party beneficiary of such Separate Contract.
- c) The Awarded Contractor/Vendor understands and agrees that failure or refusal to comply with the provisions set forth in this agreement regarding payment of the 2 percent Transaction Fee in conjunction with any Separate Contract or any other use of this Contract by an Other Agency is grounds for cancellation of the Contract. The Contractor/Vendor also understands and agrees that if the Contract is cancelled for this or any other reason, MCOE may give notice of such cancellation by any other means appropriate to inform LEAs of that cancellation.

d) The MCOE waives any right it may have to require any LEA using this Contract to draw its warrants for the purchase(s) in its favor and consents to each agency making such payment(s) directly to the contractor/vendor.

e) Sales tax and freight/shipping charges included in the Contract apply to the MCOE only. Additional sales tax and freight/shipping charges may be required on purchases by any LEA and are outside the scope of this Contract, unless specifically addressed elsewhere in Part A or Part B of the Terms and Conditions.

f) This Contract and any Separate Contract are for the purchase of the items covered by Contract. An LEA may, however, exercise its authority under Education Code section 17597 or 81645 or other legal authority to sell and lease back any item owned by, or to be owned by, it pursuant to any Separate Contract. The contractor/vendor agrees to take any and all actions requested by any LEA that are necessary to effect any such transfer, by way of example only, accepting payment under the Separate Contract from any third party to whom any such transfer is made.

g) Both the contractor/vendor and any LEA using this Contract agree that the MCOE makes no representation that use of this Contract by any Other Agency is, in fact, authorized by law. In this regard, the MCOE suggests that, at a minimum, Contractor/Vendor and any LEA considering such use consult with their own legal counsels before doing so.

h) Both the contractor/vendor and any LEA using this Contract agree to defend, indemnify and hold the MCOE, the Monterey County Superintendent of Schools, and the Monterey County Board of Education and its members, as well as all of their respective officers, employees and agents, free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any such use.

i) MCOE reserves the right to cancel the whole or any part of this contract due to failure by the contractor to carry out any obligation, term or condition of the contract. MCOE will issue written notice to the contractor for acting or failing to act in any of the following:

- a. The vendor fails to adequately perform the services set forth in the contract
- b. The vendor fails to make progress in the performance of the contract and/or gives MCOE reason to believe that the contractor will not or cannot perform to the requirements of the contract
- c. The contractor fails to observe any of the terms and conditions of the contract
- d. The contract fails to pay Transaction Fees
- e. The contractor fails to follow the established procedure for purchase orders, invoices and receipt of funds as stipulated by the MCOE. MCOE shall follow the following procedure if the contract is to be terminated:
 - Step 1 - Issue a warning letter of concern outlining the violations and length of time to correct the problem(s).
 - Step 2 - Issue a letter of intent to cancel contract, if the problem(s) is not resolved by a given date.
 - Step 3 - Issue letter to cancel contract. Upon receipt of the written notice of concern, the contractor shall have ten (10) business days to provide a satisfactory response to MCOE. Failure on the part of the contractor to address adequately all issues of concern may result in contract cancellation.

2) Other Agencies, Constitutionally Independent Agencies, and Out-of-State Agencies

Other agencies and out-of-state agencies and LEAs may use the contract as allowed by California Government Code Section 6502, which says, "If authorized by their legislative or other governing bodies, two or more public agencies by agreement may jointly exercise any power common to the contracting parties, even though one or more of the contracting agencies may be located outside this state. It shall not be necessary that any power common to the contracting parties be exercisable by each such contracting party with respect to the geographical area in which such power is to be jointly exercised. For purposes of this section, two or more public agencies having the power to conduct agricultural, livestock, industrial, cultural, or other fairs or exhibitions shall be deemed to have common power with respect to any such fair or exhibition conducted by any one or more of such public agencies or by an entity created pursuant to a joint powers agreement entered into by such public agencies."

2. Colorado, Colorado BOCES Association (CBA)

A. *Additional Agency Terms and Conditions*

Advertising: CBA will require a marketing flier, in electronic format, and timely updates from each vendor promoting the contract and AEPA/CBA relationship. CBA will assist in the development of the marketing flier and other appropriate materials which will include logos representing the vendor/AEPA/CBA. This flier will be for distribution and dissemination to all qualified customers through the CBA website and other appropriate and available methods.

Sales to Qualified Customers: Boards of Cooperative Educational Services (BOCES) in Colorado are legislatively created cooperative organizations directed by Colorado state statute 22-105 to serve all qualified agencies in a cooperative manner. BOCES are governed by publicly elected officials and by state and federal laws. No agency is obligated to use these services and contracts, but they find the benefits of low price and the satisfied bidding process most advantageous. Qualified agencies in Colorado include all public or private educational institutions, K-12 and higher education, all non-profit organizations, and all county or local governmental agencies. CBA requires that all participating vendors offer the Agency contract opportunities to all qualified customers.

A. *Procedure for Processing Orders:* Once the award is made to the vendor.

- CBA will inform its members of the contract by:
 - i.* Including the contract in the agency database that is available on the CBA website
 - ii.* Announcing the award through normal communication channels, CBA member presentations as well as regular electronic and direct mail communications.
 - iii.* Offering the opportunity to the vendor to publish their marketing information on the CBA website link to cooperative purchasing opportunities.
- A listing of CBA members, institutional names, contact names, addresses and phone numbers is available to the vendors through the CBA website. At this point the vendor must contact the members and qualified customers; and the customers have the right to contact the vendors directly. Note: CBA requires the awarded vendors to take ownership and actively promote the contract in cooperation with CBA to all members and qualified customers.
- When the customer identifies a desired product or service as available through the AEPA/CBA contract and agrees on price as presented to the customer by the awarded AEPA/CBA vendor, the customer then issues to the vendor a purchase order for that item or service.
- The awarded price must include an additional two percent (2%) administrative fee in the total cost (not as a separate line item), based on the total cost of goods and services including installation. This fee is to be forwarded by the vendor to CBA after the sale and payment is made to the vendor. Payment shall be made to CBA on a quarterly basis along with the complete sale report as specified in the general terms and conditions.
- The sale and transaction may continue without delay or anticipation of the CBA denial of said transaction.
- The administrative fee percentage (2%) is based on the total sale of goods and services including installation and must be included in the original cost quoted to the customer. In the event of a lease, the total administrative fee for the value of goods and services shall be paid to CBA by the vendor at the front end of the lease.
- Vendor makes all deliveries and installation of products and services. CBA does not warehouse items nor provide services.

3. Connecticut, Capitol Region Education Council (CREC)

A. ADDITIONAL MEMBER AGENCY TERMS AND CONDITIONS

Applicability of Contract Provisions to Connecticut Participants

The Capitol Region Education Council (CREC) is the AEPA Member Agency. Any entity that uses the contract awarded by CREC under this document is referred to as a "Participant." The bidder that is awarded the contract by CREC is referred to as the "Contractor."

Modification to Bid Language in the AEPA Invitation for Bid

The Bidder by submitting its bid hereby declares that this Bid is made without any connection with any other person or persons making any proposal for the same items, that it is in all respects fair and without collusion or fraud and that no person acting for or employed by CREC or a Participant is directly or indirectly interested in the proposal or in the goods or services to which it relates, or in any portion of the profits therefrom.

Modifications and Additions to Contract Language in the AEPA Invitation for Bid

A. Event of default and termination of Contract:

CREC shall have the right to cancel the contract based upon a default by Contractor. A Participant shall have the right to cancel its purchase arrangement based on a default by the Contractor with regard to such purchase arrangement. In addition, CREC and each Participant reserves the right to withhold payments for goods and services that are not in compliance with the terms of the contract or if the Contractor is in default. Any of the following shall be a default under the contract: 1) The Contractor fails to adequately perform the services set forth in the contract; 2) Contractor fails to deliver all or any part of the goods, or delivers defective goods; 3) The Contractor fails to make progress in the performance of the contract and/or does not deliver within the agreed-upon schedules; 4) The Contractor fails to observe any of the terms and conditions of the contract, including, without limitation, assigning the contract and/or failing to deliver required insurance or performance bonds; 5) The Contractor fails to follow the established procedure for purchase orders, invoices and receipt of funds as stipulated by the Participant; or 6) the Contractor has become insolvent, makes an assignment for the benefit of creditors, files a voluntary petition in bankruptcy or is subject to an involuntary petition in bankruptcy not discharged within thirty (30) days. CREC and each Participant shall follow the following procedure if the contract or purchase order is to be terminated:

Step 1 – Issue a warning letter of concern outlining the violations and length of time to correct the problem(s). The length of time to correct the problem shall be determined by CREC or the Participant, as applicable, in its sole discretion, based on the problem.

Step 2 – Issue a letter of intent to cancel the contract or purchase order, if the problem(s) is not resolved by the given date.

Step 3 – Issue the letter to cancel contract or purchase order.

Upon receipt of the written notice of concern, the Contractor shall have ten (10) business days to provide a satisfactory response to CREC and the Participant that provided the notices. Failure on the part of the Contractor to address adequately all issues or concerns may result in contract cancellation.

The remedy to terminate and withhold payments is in addition to any other remedies CREC and the Participants may have. In the event of Contract termination by a Participant, such Participant's payment obligation shall cease as of the final date on which services in accordance with this Contract are last

performed by the Contractor. Upon termination of this Contract under this section, the Contractor (and its surety) will be responsible for all of such Participant's expenses, losses and damages incurred in replacing Contractor for the remainder of the term of the Contract.

B. Assignment:

Contractor shall not subcontract, assign, transfer, convey, sublet or otherwise dispose of its/his/her contractual duties to any other person, firm, or corporation, without the previous written consent of CREC and any Participant that has an outstanding open purchase order or financing arrangement. If the Contractor wants to assign its/his/her right to payment of the Contract, Contractor shall notify CREC and any Participant that has an outstanding open purchase order or financing arrangement immediately, in writing, of such assignment of right to payment. In no case shall such assignment of Contract relieve the Contractor from its/his/her obligations or change the terms of the Contract.

C. Indemnification:

- C. *Contractor shall indemnify, defend, keep and save harmless CREC, each Participant and its respective agents, officials, employees and volunteers (each an "Indemnified Party") against claims of injuries, death, damage to property, patent claims, suits, liabilities, judgments, cost and expenses (including attorneys' fees) which result from, arise out of, or in connection with the performance, or breach of performance, under the Contract of Contractor and any of its/his/her employees, agents or personnel. The Contractor shall, at its/his/her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith; and if any judgment shall be rendered against the Indemnified Party in any such action, the Contractor shall, at its/his/her own expense, satisfy and discharge the same. Contractor expressly understands and agrees that any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Indemnified Party as herein provided.*

D. Participant Policies:

The Contractor must be familiar with a Participant's policies or regulations which affect the services provided under this Contract and that have been or will be distributed during the term of this Contract. Policies and regulations include but are not limited to school district or organization policies, town policies, charters, and ordinances.

As each municipality, board of education, governmental agency, educational institution, and non-profit organization in the State of Connecticut may have or may be required to have, individual policies and procedures for the procurement of goods and services; and as one of the aforementioned institutions/agencies may be dependent upon the policies/procedures of another institution or agency, it is required for the Contractor to be familiar with the policies of the Participant that impact the purchase. In limited situations, there may be State statutes which govern the allowability of purchases to be reimbursed by State funding. The Participant should obtain its own legal advice on these statutes prior to purchasing under a contract.

E. Performance Bonds:

Each Participant may require a performance bond in the case of services to be performed under the Contract if required. The Contractor shall furnish to the Participant a Surety Performance Bond ("Performance Bond") with an option to renew each succeeding year of the Contract in a form satisfactory to the Participant assuring the faithful performance of the Contract. The Bond shall be equal to one hundred percent (100%) of each year's estimated Contract price as reviewed and agreed upon by the Participant, and shall be continued for the life of the Contract in amounts equal to one hundred percent (100%) of each year's estimated Contract price as reviewed and agreed upon by the Participant. The Contractor must send such Performance Bond to the Participant prior to the commencement of any services under the Contract. Each such Performance Bond shall be furnished by a surety company acceptable to the Participant and licensed or

authorized to do business in Connecticut and New England. Failure to deliver the bond shall be considered a default under the Contract, at the discretion of and upon notice by the Participant.

F. Governing law:

This Contract shall be governed by, and construed and enforced in accordance with, the laws of the State of Connecticut without regard to its conflicts of laws principles.

Conflict of Interest

The Contractor shall disclose any relationship with a CREC employee that would not be considered an “arms-length” or independent transaction, as described below. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

A CREC employee (including independent contractors for purposes of this definition) placing an order or recommending a vendor must disclose any relationship with that vendor which would not be considered an “arms-length” or independent transaction. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

For a transaction to be considered “arms-length” or “independent”, a CREC employee should not be influenced, dependent upon, guided or controlled by a vendor into choosing that vendor, or item to purchase; nor should it appear to a third party that a CREC employee made a purchasing decision which appears to be based upon a personal relationship between the CREC employee and vendor.

The following are examples when a transaction is NOT considered arms-length or independent: (1) when there exists a personal relationship between a CREC employee and a vendor, (2) when there exists the potential for a personal benefit to a CREC employee, or (3) the parties to a business deal are dependent upon one another for “something” other than the purchase itself.

In addition, the Contractor shall, if given a copy of the potential Participant’s conflict of interest policy, follow the process in that policy, or otherwise disclose to a potential Participant any relationship that would not be considered an “arms-length” or independent transaction with that Participant, as described above. This disclosure must be made in writing to the chief official (for example, the Superintendent at a board of education) at the potential Participant.

Determination of the existence of a conflict of interest does not prohibit CREC and/or a Participant from entering into the contract and purchase order, respectively.

Financing Arrangements

Any financing arrangements (including lease purchasing arrangements) will be made directly between the Contractor and a Participant. Financing arrangements may be subject to additional laws, rules and regulations, terms and conditions not described in this document and are subject to separate negotiation with each Participant that is interested in such an arrangement. Each Participant should seek its own legal advice prior to entering into a financing arrangement. CREC must receive a report annually summarizing the executed lease purchases along with the summary of the customer purchases. CREC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Contractor and the Participant only.

Affirmative Action

The Contractor must have an employment policy that there shall be no discrimination against anyone on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, physical disability or sexual orientation in the hiring, upgrading, demotions, recruitment, termination and selections for

training, in any manner prohibited by the laws of the United States or of the State of Connecticut. The Contractor further agrees to be an "affirmative action-equal opportunity employer."

Independent Contractor

The Contractor shall not be held or deemed in any way to be the agent or employee of CREC and/or a Participant. It is the intention of the parties that the Contractor shall be and is to be considered an independent contractor.

Incorporation of Bid Documents

The bid documents, including all appendices executed by Contractor that have been accepted by CREC (the "Bid") are specifically incorporated into this Contract.

Freedom of Information Act

The Contractor acknowledges that CREC and some Participants are subject to the Freedom of Information Act, Connecticut General Statutes Sections 1-200 et seq., and submitted to CREC and/or such Participants may be made available to the public under the provisions of the Freedom of Information Act.

The administrative fee percentage is based upon the total sale or lease of goods and services, including installation, if included. This fee shall be included in all price quotations to Participants and shall not be printed as a line item on the quotation.
- E. Along with the participation fee, the Contractor will produce and provide to CREC quarterly reports throughout the contract period using the standard format required by AEPA.

The Contractor will also produce and provide to CREC an annual summary report for all purchases made under each contract awarded by CREC pursuant to this document for a period beginning with the award of the contract and ending February 28 and all consecutive annual periods, if the contract is extended.

Any bid accepted by the Nebraska Coop shall also be subject to Section 73-102, Neb. Rev. Stat. to file a statement that the vendor or bidder is complying with and will continue to comply with fair labor standards in the pursuit of his business and in the execution of the contract on which he is bidding. 15. New Mexico, Cooperative Educational Services (CES)

A. *Additional Member Agency's Terms and Conditions - That apply to all categories.*

Cooperative Educational Services (CES) is the administering agency of a Joint Powers Agreement as authorized by Section 11-1-1, et. seq. NMSA 1978, which is based in Albuquerque, New Mexico, and is composed of 180 New Mexico public educational institutions (Members) such as k-12 public school districts; charter schools; colleges and universities and their branch campuses; community colleges and vocational schools; Bureau of Indian Education (BIE) schools; that are parties to the Revised and Amended Joint Powers Agreement (JPA) to establish an educational cooperative. CES was organized in 1979 as a direct response to the needs of small and rural Local Education Agencies (LEA's). CES offers numerous programs and services in the following areas: administrative support, special education services, and cooperative purchasing.

Acceptance of Delivered of Products and Services: The CES Member will be the determining judge of whether materials and services delivered under the contract satisfy the requirements as identified in the contract order. If there is a dispute between the Contractor and the CES Member, CES will make the final determination.

Administration Fee: CES charges its Members and Participating Entities a two percent (2%) administrative fee on the total amount invoiced on a purchase/project. CES' two percent (2%) administration fee shall be included in offeror's net price. Depending on the pricing format and purchasing process utilized, the CES fee will either be collected by the Contractor and rebated to CES or collected by CES during the processing of the transaction.

Applicable Law: The CES awarded contract will be governed by the laws of the State of New Mexico, both as to interpretation and performance. Suits pertaining to this contract can be brought only in courts in the State of New Mexico. Offerors doing business with CES, its Members and Participating Entities under this solicitation must comply with and adhere to any Federal, state and/or local laws. All work performed and products provided under the resulting CES contract will be done in strict accordance with the most recent edition of any federal, state and local relevant regulation, standard, document and/or code that may apply to or govern the individual procurement transactions. Where conflict among these requirements or with these specifications exists, the most stringent requirement will be used.

Arbitration: This contract is subject to arbitration to the extent required by the New Mexico Procurement Code.

Assignment of CES Payments: If the offeror requests that its payment from CES/CES Members be issued to a third party or that a joint check be issued to the offeror and a third party, this request must be submitted and approved by the agency prior to the Contractor accepting a purchase order. The agency reserves the right to assess a special handling charge of thirty-five dollars (\$35) per check. The special handling charge will be deducted from the amount of the invoice being paid. If the offeror wishes to have all payments under this contract made to a third party, offeror must state this in his response.

Bid Security: The New Mexico Procurement Code requires that when an IFB is used to solicit for and acquire products and services, bid security is required. CES has determined that, for this IFB, it will require security, bid bond, or other acceptable bid security in the amount of twenty-five thousand dollars (\$25,000). The bid security must be provided by bid due date, and therefore must accompany the bidder's response and be placed behind Tab 1.

Acceptable bid security, which must be provided with the submission of the initial offer, will be an amount equal to the amount specified above (\$25,000) and can be a one-time bid bond underwritten by a surety company licensed to issue bid bonds in New Mexico, a certified cashier's check, or an irrevocable letter of credit. Bid security can be provided using a form acceptable to the State of New Mexico State Procurement Department, with the principal being the prime Contractor and CES being the Agency of Record.

Campaign Contribution Disclosure Form: Documents used to disclose whether they, a family member, or a representative of the prospective Contractor has made a campaign contribution to an applicable public official of the State or a local public body during the two years prior to the date on which the Contractor submits a proposal (Chapter 81, Laws of 2006). Prior to the offeror entering into a contract with an individual CES Member, the offeror must provide the CES Member with a Campaign Contribution Disclosure Form.

Cancellation for Non-Performance or Contractor Deficiency: CES can terminate any contract if CES Members have not used the contract in any 12-month period, or if purchase orders total less than \$1,000 per year. CES reserves the right to cancel the whole or any part of this contract due to failure by Contractor to carry out any obligation, term or condition of the contract. CES may issue a written deficiency notice to said Contractor for acting or failing to act in any of the following:

1. Providing material that does not meet the specifications of the contract;

2. Failing to adequately perform the services set forth in the scope of work and specifications;
3. Failing to complete required work or furnish required materials within a reasonable amount of time;
4. Failing to make progress in performance of the contract and/or giving CES reason to believe that Contractor will not or cannot perform the requirements of the contract;
5. Performing work or providing services under the contract prior to receiving a purchase order from CES for such work;
6. Accepting purchase orders based on this contract from CES Members and/or invoicing CES Members directly.

Upon receipt of a written deficiency notice, Contractor will have ten (10) days to provide a satisfactory response to CES. Failure to adequately address all issues of concern may result in contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data, and reports prepared by the Contractor under the contract will become the property of the Member on demand.

CES Supplemental Packet: Upon acceptance and approval of the Vendor's offer by AEPA, CES will independently consider the offer and issue a Vendor's supplemental packet requesting specific information necessary to enter and execute a contract in the state of New Mexico including information relating to: the Vendor's qualifications; ability to conduct business in the state of New Mexico; and who will be coordinating, promoting, receiving, and processing orders; and providing the prime Contractor's goods and services in New Mexico. Once the prime Contractor provides this information, CES will review, seek clarification (if needed), and conduct a Vendor conference to complete the contract execution process. Please note the information regarding deadlines as described in "**Offer Acceptance Period to Execute a Contract with CES**".

CFR - Code of Federal Regulations www.gpoaccess.gov/cfr/index.html

Civil and Criminal Penalties: The Procurement Code, Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

Contractor Invoice: The Contractor will send an invoice to CES or a CES Member after the delivery of goods and/or services. Goods and services will be invoiced at applicable contract prices, depending on the purchasing process utilized for the procurement, and must not exceed the amount of the agency's purchase order. If it is a CES purchase, the invoice will be less the CES' two percent (2%) administration fee. If it is a CES Member's purchase, the invoice will be for the full amount.

Cooperative Purchasing Agreement: Is an agreement between CES and a Participating Entity for the purpose of establishing a procurement method by which Participating Entities may join together in cooperative multi-jurisdictional contracting and ensure the commitment of each Participating Entity. Further, the agreement provides an understanding of the contracting process, the organization, and operation of this purchasing cooperative (CES).

Credit Hold: The Contractor must agree not to place CES/CES Member/Participating Entities on "credit hold" without ten (10) days advanced notice in writing, either by letter or facsimile to the agencies' Finance Director/Manager. The Contractor must also copy CES as part of this process when it involves a direct purchase with a CES Member. Before CES can pay a Contractor's invoice, it must collect payment from the CES Member that received the product/service. CES believes it is better for the Contractor if CES places the slow-paying agency on "credit hold". If a Contractor places CES on "credit hold," agencies that pay promptly are penalized. If, however, CES places the offending agency on "credit hold", payment is more likely to result and only the offender is punished.

Execution of Contract and Compliance with Bid Instructions: By submitting a bid, the offeror acknowledges its understanding of the instructions to bidders, the New Mexico additional terms and conditions, and its willingness to comply with the requirements of the bid documents as it relates to offering and providing their products and services within the state of New Mexico.

Federal Requirements: The Contractor agrees, when working on any federally-assisted projects with more than \$20,000 in labor costs, to comply with the Contract Work Hours and Safety Standards Act, the Davis-Bacon Act (Section 29, CFR Part 5), the Copeland "Anti-Kickback" Act and the Equal Opportunity Employment requirements of Executive Order 11375. In such projects, the Contractor agrees to post wage rates at the work site and submit a copy of their payroll to CES Member for their files. In addition, to comply with the Copeland Act, the Contractor must keep records for three (3) years and allow the federal grantor agency access to these records upon demand. All federally-assisted contracts to CES Members that exceed \$10,000 may be terminated by the federal grantee for noncompliance by the Contractor. In projects that are not federally funded, the Contractor must agree to meet any federal, state, or local requirements as necessary. In addition, if compliance

with the federal regulations increases the contract costs beyond the agreed-on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee. On all other projects, the prices must agree with this contract.

Indemnification: The Contractor shall indemnify and hold harmless CES/CES Member/Participating Entities (its officers and employees) against liability, claims, damages, losses, or expenses arising out of bodily injury to persons or damage to property caused by, or resulting from, Contractor's and/or its employees own negligent act(s) or omissions(s) while the Contractor, and/or its employees, perform(s) or fails to perform its obligations and duties under the terms and conditions of this agreement. This safe and harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (41-4-1, et seq., N.M.S.A. 1978 comp.) and any amendments thereto. It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create the public or any Member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a lawsuit(s) for wrongful death(s) bodily and/or personal injury(ies) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement. Vendor shall provide all insurance necessary to employees on the work site, including, but not limited to, workman's compensation.

Insurance: On contract award, the Contractor will, at its own expense, purchase and maintain insurance that will protect it from claims that may arise out of or as a result from its activities under this contract, where those activities are performed by it, by any Subcontractor, by anyone directly or indirectly employed by any of the Contractors or by anyone for whose acts the Contractor may be liable during the entire performance period of this contract. The Contractor must furnish a Certificate of Insurance to the CES procurement officer prior to official award. If policy changes occur during the life of the contract, it is the Contractor's responsibility to provide updated proof of coverage to the CES procurement officer.

1. Bidders will submit proof of coverage under the Workman's Compensation Insurance, as required by the Labor Laws and New Mexico Statutes.
2. Bidders will submit a certificate of general liability insurance for personal injury, occupational disease, sickness or death, and property damage. Insurance will include "occurrence" claim provisions. Minimum acceptable coverage is \$1,050,000 combined single limit for bodily injury and property damage, or \$750,000 bodily injury and \$250,000 property damage (each occurrence). **The Offeror will name CES and the CES Member as co-insured up to the limits of the Tort Claims Act. Additional punitive damages liable to \$500,000 will be provided naming CES as co-insured.**
3. Bidders will submit a certificate of errors and omissions insurance for damages caused by an error, omission, or any negligent acts caused by the Contractor and its Subcontractors in the performance under this agreement. Combined singled limit per occurrence is one million fifty thousand dollars (\$1,050,000) and the annual aggregate limit of not less than two million dollars (\$2,000,000). The bidder will provide "tail" coverage at the completion of any contract entered into by CES or its Members for a minimum of 12 months, or the maximum time period reasonably available in the marketplace. The Contractor shall furnish certification of "tail" coverage as described following contract completion. This will be a condition of the final acceptance of work or services.
4. In addition, Contractor must provide, upon request, identical certification of insurance to any CES Member/Participating Entity using this contract. Prior to commencing any work, all Subcontractors must procure and maintain at its own expense until final acceptance of the work, written insurance coverage, and insurer's acceptance to the prime Contractor. All Subcontractors will provide workers' compensation insurance, which waives all subrogation rights against the prime Contractor and CES/CES Member/Participating Entities.

Lease and Rentals: The offeror can allow CES Members to enter into rent, lease, or purchase agreements, providing such agreements are in compliance with New Mexico statutes and Public Education Department policies, rules, and regulations. CES must receive a copy of the executed leasing documents prior to processing a purchase order. CES will not collect lease payments. The offeror must agree that leases will be in compliance with the Uniform Commercial Code. All terms of leasing must be included in the proposal with interest rates described as related to a government standard. The offeror must indicate in its response to this solicitation if the shipping costs for the return of leased or rented equipment are the responsibility of the CES Member and what that cost will be. No sale of a contract to a third party will be made without informing CES and the CES Member of the transfer. If the offeror sells a lease contract to a third party, the cost of return must not be greater than the cost of return to the original Contractor.

As required by New Mexico law, the lease agreement with the CES Member or Participating Entity will need to contain a termination provision for Non-Appropriation of Funds. In the event no funds or insufficient funds are appropriated and budgeted by CES, its Members or Participating Entities (Lessee) governing body or are

otherwise unavailable in any fiscal year for the payment of lease and other amounts due under any lease, the lease shall terminate on the last day of the fiscal period for which appropriations were received or other amounts are available to pay amounts due under the lease without penalty or expense to the Lessee. It is the decision of CES, its Members, or Participating Entities to determine the sufficiency of funds, which determination shall be accepted by the Lesser and is final. The Lessee shall give the Lesser or its Assignee written notice at least thirty (30) days in advance of such occurrence.

Legal Remedies: All claims and controversies are subject to the New Mexico Procurement Code, NMSA 1978, and Sections 13-1-28 through 13-1-199.

Local Representation: Depending on the type and level of products and services offered, the Vendor must demonstrate their sales, support, and service staff are physically located where they can respond to and deliver services in a timely and cost effective manner.

Manufacture Endorsement: The bidder must demonstrate it is an authorized distributor of the products and services offered, has access to manufacturer's technical support and warranty services, and possesses the certifications required to install, configure, and maintain the products offered in response to this IFB within the state of New Mexico.

Marketing: Once the award is made to the Contractor, CES will, in conjunction with the Contractor, develop a marketing strategy on how the contract will be presented to its Members and Participating Entities. CES informs its Members and Participating Entities of the contract by: 1) including the contract in the agency database that is available on the CES website, 2) announcing the award in its periodic newsletter, 3) publishing the contract information in a catalog disseminated to all Members, and 4) attending a number of conferences and promoting its existing contracts. A list of Members' and Participating Entities' names, contact names, addresses, and phone numbers can be viewed or downloaded by going to CES' website (www.nmedu.org).

Multiple Awards: AEPA approved Vendors must service a required number of the AEPA Member States which does not allow New Mexico or regional Vendors to participate. CES has determined that it is in its Members and Participating Entities best interest, and in order to provide local Vendors the opportunity, CES conducts public solicitations for local and/or regional Vendors in some of the same product and service areas. Therefore, CES may have existing CES contracts in place with local or regional Vendors.

NMPED: New Mexico Public Education Department.

NM Procurement Code (13-1-28): Sections 13-1-28 through 13-1-199 NMSA 1978 may be cited as the "Procurement Code".

Offer Acceptance Period to Execute a Contract with CES: In order to allow CES the opportunity to evaluate the bids offered and approved by AEPA, CES requires that the AEPA approved Vendor submit to CES a complete electronic copy of its response to AEPA's solicitation and a hard copy of all of the documents that required original signatures within sixty days (60) from the date of AEPA's approval. CES will issue its supplemental packet within thirty (30) days after AEPA's approval, and will require the supplemental packet be returned within forty-five (45) days of the date of its cover letter. CES will consider failure to comply with these requirements as a failure to comply with both AEPA's and CES' solicitation terms and conditions.

Offeror's Support for CES Prices:

There are many reasons Members and Participating Entities use CES contracts. Because the resulting CES awarded contracts are based on publically solicited sealed bids, Members are exempt from having to issue their own individual solicitation. This saves them a great amount of time and a large amount of money. In addition, because each Vendor agrees that the price charged through a CES contract will be the lowest that a Vendor will offer, the Member or Participating Entity knows that issuing its own bid will not necessarily reduce the cost of the procurement. The additional value CES brings to the transactions is its oversight, support services, and assurance that the procurement complies and adheres to the New Mexico Procurement Code. Finally, the service and convenience of processing orders through one agency (CES) simplifies the procurement process. Rather than having to issue a dozen purchase orders, for instance, a Member may issue only one to CES. If problems occur, the Member has the assistance of CES in reaching a satisfactory solution.

A CES contracted Vendor receives many of the same benefits as a CES Member. Rather than having to respond to dozens of individual IFBs (which is a big cost of doing business), a response to AEPA opens the door to forty-five thousand or more educational institutions, cities, counties, political subdivisions, and non-profit organizations. CES' current Members exceed 190 and Participating Entities exceed 100. The business office of the Vendor has the advantage of invoicing CES rather than each individual account. The awarded Vendor also receives the same type of additional services from CES: assistance in collections (some public entities are slow

in processing payments), joint marketing, and use of its facilities to hold events. If problems develop, the Vendor has the mediation services of CES to settle disputes and assistance in working with and interfacing with various state and local governing authorities.

Therefore, for CES to comply with the intent of New Mexico cooperative purchasing statute and to provide its Members and Participating Entities the best value, CES requires that Vendors offer prices lower than what they would offer on single school district contracts in New Mexico, other cooperative purchasing contracts available to New Mexico public institutions, and agencies or state purchasing contracts for equal or less volume. Vendors that awarded a CES contract under this solicitation must lead with and/or offer their CES contract. As the agencies' first option, however, it is understood that it has the option to use whatever procurement method they choose.

Price List: The AEPA Vendor will submit to CES and/or its Members and Participating Entities (if requested), or make available on its website all applicable pricing for all products and services proposed, approved, and awarded under this solicitation. Price lists submitted must be in accordance and comply with the AEPA's terms, conditions, and the requirements of the CES purchasing process utilized to facilitate eligible procurement agencies' staff to place and process orders. When utilizing any of the pricing methodologies identified and required within this solicitation, such discounts and pricing will include the CES two (2%) percent administrative fee, must be submitted in the format required, and can be audited by CES.

Protests: Protests will be filed and resolved in accordance with the State of New Mexico Procurement Code §13-1-172 NMSA 1978 and applicable CES board policies. Venue for any and all legal actions regarding or arising out of the transactions covered herein shall be solely in the District Court in and for the County of Bernalillo, State of New Mexico. The laws of the State of New Mexico will govern any resulting transactions.

A protest period of fifteen (15) days shall begin on the day following the contract award notice and end at 5:00 p.m. Mountain Time at the end of the fifteenth (15) day. A protest must be written and include:

1. The company name, contact name, address and telephone number of the protester;
2. The original signature of the protester or its representative;
3. Identification of the Request for Proposal (RFP) or Request for Bid (RFB) by solicitation number;
4. A detailed statement of the legal and factual grounds of protest, including copies of any relevant and supporting documents and exhibits;
5. The form of relief requested.

Protests shall be filed with Mr. David Chavez, Executive Director of CES, 4216 Balloon Park Road, Albuquerque, NM 87109. Any protest received after the deadline will not be accepted.

Taxes: Prices offered will not include applicable state gross receipts tax and local taxes. All applicable taxes must be listed as a separate item on all invoices and will be paid by CES/CES Member/Participating Entity issuing the purchase order to CES or the Contractor. No gross receipts taxes can be collected on delivery charges to the agency's location.

1. There is no NM State Gross Receipt Taxes applied to the price of non-construction supplies, materials and equipment.
2. There will be NM State Gross Receipt Taxes applied to any non-construction services and professional services based on the location of the provider.
3. There will be NM State Gross Receipt Taxes applied to any construction product and/or service based on the physical location of the construction site.
4. Indian Reservation or Tribal Tax: If goods or services are delivered to locations on a Indian reservation or purchased by tribal governments, they are subject to tribal taxes.

If a bidder is awarded a CES contract, prior to providing products and/or performing services that are subject to NM State Gross Receipt or Tribal Taxes they must acquire and hold a CRS# form the New Mexico Taxation and Revenue Department.

Termination for Non-Appropriation: Any individual CES Member's/Participating Entity's individual contract covered by this IFB and executed through the CES procurement process may be terminated if insufficient appropriations or authorizations exist due to changes in state or federal law, because of court order, or because of insufficient appropriations made available to the CES Member's governing board and/or the New Mexico State Legislature. Such termination will be effected by sending fifteen (15) days written notice to the Contractor. The CES Member's/Participating Entity's decision as to whether sufficient appropriations and authorizations are available will be accepted by the Contractor and are final.

B. Additional Member Agency's Terms and Conditions – For non-construction products and services.

Demonstrated Qualifications and Ability: The bidder must demonstrate it possesses the necessary resources and has a proven track record to market, offer, obtain, deliver, install, and provide the sales and technical support services to CES Members and Participating entities through the state of New Mexico in a timely and cost effective method.

C. Additional Member Agency's Terms and Conditions – For construction products and services.

Additional Contract: Between the Contractor and a CES Member/Participating Entity based on this bid, the terms and conditions of the IFB will prevail. A contract between the CES Member/Participating Entity and the Contractor for construction will be an industry standard agreement. The parties may agree to use the American Institute of Architects (AIA) General Conditions of Contract for Construction Form A201 as a guide.

Additional NMPSFA Terms and Conditions: Any construction project involving funds provided by NMPSFA will require the Contractor to accept, comply with, and adhere to NMPSFA's additional terms, conditions, and requirements.

Bonds:

1. Upon execution of a contract between a CES Member/Participating Entity and the prime Contractor for a project with a value twenty-five thousand (\$25,000) or more, performance and payment bonds from a surety company authorized to do business in New Mexico will be provided the Member/Participating Entity as required by New Mexico law.
2. The prime Contractor will execute a performance bond in an amount equal to one hundred percent (100%) of the price specified in the contract between the Member/Participating Entity and the prime Contractor by a surety company authorized to do business in New Mexico. Performance bonds between the Member/Participating Entity and the prime Contractor will be on standard forms. This bond will protect all persons supplying labor and material to the prime Contractor for the performance of the work provided in the contract.
3. The prime Contractor will deliver both the performance and payment bonds to the CES Member/Participating Entity at the time the contract between the Member/Participating Entity and the prime Contractor is executed and a copy will be provided to CES for its records.
4. All suits for nonpayment or nonperformance will be filed as allowed under New Mexico law.
5. Performance and payment bonds for public agencies outside New Mexico must be provided by companies licensed to provide bonds for public entities in the state of the agency.

Any Subcontractor providing and/or performing two hundred and twenty-five thousand dollars (\$225,000) or more of work for an individual project in New Mexico must obtain and submit to the prime Contractor a performance and payment bond equal to one hundred percent (100%) of the total project's cost from a surety company authorized to do business in New Mexico.

4. The Contractor is a Vendor who has responded to a Request for Proposal published by the buyer in accordance with the Procurement Code, Section 13-1-137 (A), NMSA 1978, and a resultant contract has been issued to the Vendor of goods and services in the construction area.

In addition, to comply with the Copeland Act, the Contractor must keep records for three (3) years, and allow the federal grantor agency access to these records upon demand. All federally-assisted contracts to CES Members that exceed \$10,000 may be terminated by the federal grantee for noncompliance by the Contractor. In projects that are not federally funded, the Contractor must agree to meet any federal, state or local requirements as necessary. In addition, if compliance with the federal regulations increases the contract costs beyond the agreed on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee. On all other projects, the prices must agree with this contract.

Licenses: The prime Contractor shall possess the appropriate New Mexico Construction Industries Division Contractor's license required to provide the construction products and perform the construction services covered by this solicitation. Copies of the prime Contractor's licenses shall accompany their response to AEPA and be in good standing with NMCID as of the due date and time. The Contractor must maintain and keep current all licenses required for the performance and delivery of any and all products and services offered in its response to this RFB. New Mexico State Wage Rate Documentation

1. It is the Contractor's responsibility to be acquainted with the New Mexico Department of Workforce Solutions' rules, regulations, procedures and requirements relating to state wage rates, and to comply with state and federal regulations regarding payment of wages on public projects. The Contractor, as established by the New Mexico Department of Workforce Solutions and Industrial Commission, will pay wage rates for every job performed under this contract with a total project cost of more than Sixty Thousand Dollars (\$60,000) on an individual basis. The Contractor will pay all mechanics and laborers employed on the site of the project by the Contractor, unconditionally and not less often than once a week, and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage

rates not less than those stated in the advertised specifications.

2. The New Mexico Department of Workforce Solutions requires that certain forms be completed for every project that needs a wage decision issued. CES will submit for the wage decision and, upon receipt of the decision, will provide it to the prime Contractor. The Contractor is responsible for completing and submitting the required forms to the NM Department of Workforce Solutions and must provide CES with a copy of the following required forms: NOTIFICATION OF AWARD, STATEMENT OF INTENT TO PAY PREVAILING WAGES, and AFFIDAVIT OF WAGES PAID.

Ordering Process: Once the Contractor is notified of a Member/Participating Entity interested in having them provide construction related products and services, the Contractor will schedule a site visit to familiarize itself with the site and project scope of work. This is done by conducting and performing its own site investigation, research, analysis and asking pertinent questions in order to obtain a complete and comprehensive knowledge and understanding of the project's terms, conditions, requirements, and the Owner's expectations prior to developing, preparing, and submitting a project cost proposal.

Payment Retention, Progress Payments:

1. In order to comply with New Mexico House Bill 320, NMSA, 2001, Section 4. A., Retain age Act, CES will not retain any funds on progress payments during any construction projects. The prime Contractor agrees to only request payment for goods and services delivered, received and accepted by the Member/Participating Entity.
2. CES will not withhold any amount for retain age, however, final payment of a contract, for which progress payments have been made, will not be made until project is totally completed (including punch list items, closeout documents delivered), and the final application for payment is signed by the CES Member/Participating Entity, received and audited by CES.
3. If the Member/Participating Entity and the prime Contractor agree to retain age or a substitute security, the agreement must be in full compliance with New Mexico Procurement Code and House Bill 320. If a substitute security or retain age is agreed upon, written notice must be provided to all parties prior to the issuing of a CES purchase order.

NMPSFA: New Mexico Public School Facilities Authority is the administrative unit created by the New Mexico legislature to carry out and act on behalf of the PSCOC to administer, coordinate and provide general oversight for "state-funded construction", which is defined as a building or appurtenance to a building that is built in whole or in part with state capital outlay monies. As part of their oversight function, NMPSFA will receive and review construction project documents and coordinate with other state agencies such as NMCID, Environment Department, Department of Energy, Minerals and Natural Resources, State Fire Marshal's Office, etc., to ensure compliance with all applicable adequacy standards, rules, regulations, building, plumbing, electrical, fire prevention, and mechanical codes adopted by the state, county, city, town or fire district in which the construction project is located.

NM Workforce Solutions: This is state agency responsible for the overseeing, administering, issuing, implementing and ensuring that all employers, Contractors, and Subcontractors follow and comply with New Mexico and Federal labor laws, rules, regulations, policies, and procedures governing employment and the general workforce.

NM Public Works Act: Sections 13-4-1 through 13-4-43 NMSA 1978 may be cited as part of the "Procurement Code".

NM Workforce Solution Contractor Registration Requirement: In order to submit a bid or response to a request for proposal valued at more than sixty thousand dollars (\$60,000) or to be considered for award of any portion of a public works project greater than sixty thousand dollars (\$60,000) and for a public works project that is subject to the Public Works Minimum Wage Act (13-4-10 NMSA 1978), the contractor, serving as a prime contractor or subcontractor, shall be registered with the New Mexico Department of Work force Solutions, Public Works Division.

Because this solicitation is for an indefinite quantity and the amount of work to be performed on individual projects is not known, CES is requiring that all Offerors be registered on or before the date of the proposal opening.

Quality Control Issues:

- a. During the course of the contract, the Member's/Participating Entity's contact person may secure samples according to Construction Industries Division guidelines or industry standards of materials being used from containers at the job site, and submit them to an independent laboratory for comparison to specified material.
 - 1) Should test results prove that a material is not functionally equal to or better than specified, the prime Contractor will pay for all testing and any cost incurred to have materials installed to replace those found not to comply with the specifications, and remove and dispose of the materials not complying.
 - 2) Should test results prove that materials tested were functionally equal to the specified material, the prime Contractor will be notified of the results.
- b. Should the Member/Participating Entity and the Contractor encounter a situation and/or condition that they cannot agree on or resolve during the execution of the project and/or during the project close-out process, CES has consultants under contract that either of the parties can engage to review, investigate, evaluate, and issue a written report on their findings and propose recommendations/solutions for addressing the concerns and issues.

PSCOC: Public School Capital Outlay Council was created by the New Mexico Legislature to govern and establish policies, regulations, standards, and procedures and to oversee the application, review, and evaluation and distribution processes relating to capital outlay funds appropriated and authorized by the New Mexico Legislature.

D. Procedure for Processing Orders

Ordering Process: CES currently offers two procurement/purchasing options: the *traditional* and *ecommerce* methods.

1. Traditional Method: Orders accepted will be processed by:
 - a. The Contractor provides a written quote/proposal to the customer. When a final quote/proposal is agreed upon, a copy is provided to CES. When preparing a quote/proposal under a CES awarded contract, the Contractor must clearly identify and separate supplies, materials, equipment, and services into individual line items as they appear on the Contractor's awarded price schedule or pricing methodology. Stated prices must include the CES two percent (2%) administrative fee.
 - b. The CES Member or Participating Entity issues a purchase order to CES based on the quote/proposal provided referencing the Contractor's specified CES contract number.
 - c. When CES receives the Member's or Participating Entity's purchase order, it verifies the quote/proposal with the Contractor's solicitation response/CES contract to ensure compliance. CES issues a purchase order to the Contractor for two percent (2%) less than the Contractor's quote and the Member's or Participating Entity's purchase order.
 - d. The Contractor provides the items or services and invoices CES for an amount not to exceed the amount of CES' purchase order to the Contractor. Invoices must only be issued to CES.
 - e. CES verifies the Contractor's invoice received and issues a CES invoice to its Member or Participating Entity.
 - f. The Member or Participating Entity pays CES, and CES pays the Contractor for items and services delivered and accepted by the Member or Participating Entity and retains its 2% percent administrative fee.
2. Ecommerce (online ordering) Method: This allows the CES Members/Participating Entities to log on to the Contractor's website which contains only those products and services covered under the Contractor's CES awarded contract. The Contractor delivers the product/services, sends an invoice to the Member/Participating Entity, the Member/Participating Entity pays the Contractor, and the Contractor rebates the CES administrative fee to CES.

Billing: All invoices will be from the Contractor to CES, its Members, or Participating Entities, and will list CES'/Member's/Participating Entity's purchase order number(s) issued. If issued by CES, the CES Member's/Participating Entity's name will be on the invoice. The Contractor will only issue invoices to CES, CES Member or Participating Entity from which the purchase order was issued. The Contractor will only accept

a purchase order from a Member or Participating Entity in accordance with the purchasing process identified above or agreed to by CES and the Contractor.

Progress Payments: Under this solicitation, CES, its Members and Participating Entities may allow progress payments to be made on goods and/or services received and accepted under the following conditions:

1. The agency and the Contractor agree to the terms of the progress payments prior to issuing a purchase order to the Contractor.
2. The purchase order and/or the cost proposal in which the purchase order is based clearly identify and describe the amount(s) to be paid and the date(s) payment(s) are to be made.
3. The agency has satisfactory method/criteria of verifying progress (milestones) stated and agreed to in the written cost proposal and/or purchase order.
4. Payments will be made only after actual goods and/or services are verified, received, and accepted. Payments will be made in full compliance with the agency's local administrative procedures, board policies and any/all other applicable state rules, regulations and statutes.

Progress Payments Processing: All progress payments must be invoiced through CES. It is the responsibility of the procurement unit and/or its designee to review and approve any estimates of work completed. If the procurement unit or their designee issues a written statement to the Contractor that the estimate of work is not approved and certified, the procurement unit may withhold an amount from the progress payment determined to be reasonably sufficient to cover the deficiency set forth in the written finding. In such cases, the Contractor agrees to hold CES harmless for any deficiency of payment. If any payment is delayed beyond 45 days from the due date, the Contractor agrees not to charge CES interest on the late payment. Any late charges will be the total responsibility of the procurement unit. The Contractor can extend any due date to avoid the requirement to pay interest. Acceptance of final payment is a waiver of all claims, with the exception of unsettled claims previously made in writing.

B. Procedures for Processing Orders

PROCEDURAL

Once the award is made to the vendor, IMESD will market these contracts by: 1) including the contract on the IMESD website, 2) announcing the award in flyers, and 3) attending vendor events throughout school year. A list of schools, contact names, addresses and phone number can be accessed through the Oregon Department of Education website. At this point the vendor contacts schools and schools may contact the vendor. When the school/agency identifies a product or services and agrees on price it issues to Vendor a purchase order for that item or service, referencing the AEPA Bid number. The purchase order must include an additional one percent (2%) administrative fee in the total to be forwarded by the vendor to IMESD after the sale. All participating vendors agree to and are subject to audit proceedings of IMESD member sales.

Upon receipt of the purchase order, the vendor provides the goods or service listed on the purchase order. It is important to remember the vendor makes delivery to the member unless other arrangements are made in cooperation with IMESD. When all items and services on the purchase order have been delivered to the member in a complete and satisfactory manner, vendor then invoices the member for the goods and service. This invoice includes the additional one percent (2%) administrative fee to the total amount invoiced of the goods or service provided by the vendor. This percent is based on the total sales of goods or services. The member then pays the vendor including the one percent (2%) administrative fee. IMESD then invoices the Vendor for the 2% administrative fee based on the sale of goods and services collected by the vendor.

C. Agency Members Purchasing under the UMESD

IMESD is an educational service district organized under the laws of the State of Oregon. Pursuant to Oregon Law, IMESD is authorized to cooperate with other entities, including but not limited to Oregon schools, Oregon public agencies, and Oregon political subdivisions, and in such regard is authorized to cooperate with them in purchasing of goods and services pursuant to these contract documents. As other entities cooperate with IMESD to take advantage of the goods and services made available pursuant to these contract documents, the terms and conditions of any such sales shall be in accordance with the contract documents.
