must be in number decimal form on the spreadsheet, so that it can be calculated by formula by the evaluators. On the spreadsheet, the applicable column is called "Quantity of Lowest Common Unit in a Package," and an examples would be to list a dozen as "12" or a ream of paper as "500." Bidders are held responsible to bidding core items in the units of measure they intend to supply during the course of the contracts.

- 9.2.4. **Change in SKU Numbers:** A bidder may update or correct model or manufacturer SKU numbers appearing on the spreadsheet by inserting "new number" or "corrected number" in the "Notes" space on the Excel sheet. The bidder does so with the understanding that the offer is for the exact product as described and that there are no other changes to the specifications.
- 9.2.4. **Substitutions:** It is preferred that the specified item be bid. However, if the bidder does not have the exact item specified, a substitute that is equivalent to the item specified may be proposed. The substitute may differ in manufacturer or brand. Upon request, samples must be provided for a substitution to be considered. AEPA and its member agencies will have the final authority and discretion as to whether the substitution meets equivalent specifications. In the event the specifications call for a brand-specific item on one line (such as 3M Post-It Notes) and a lesser quality version of the same product on an adjacent line (such as Highland "sticky notes"), the latter may not also serve as a substitute for the former. Guidelines for entering substitutions on the Excel Spreadsheet:

Figure II

Propose a substitute if the specified item is not available						
	Substitute Item					Notes
Quantity of Lowest Common Unit in Package (e.g. a ream would equal 500)	Manufacturer's SKU of Substitute	Description of Substitute, Including Manufacturer's Name	Unit of Measure	Quantity of Lowest Common Unit in Package (e.g. a ream would equal 500)	Your Bid Price	Notes
	123456	Roundhouse Temptra, quart, light purple	Bottle/QT	32	\$ 1.99	We only have quart sizes; no pints available

- 9.2.5. **No Bid:** A "No Bid" noted for any line item listed on the Core A-List may render the entire bid to be nonresponsive and subject to rejection. If the bidder cannot meet the specification as listed, propose a substitute brand or alternate product that is as similar as possible.
- 9.2.6. **Discontinued Items:** If AEPA has specified items that the bidder understands to be discontinued by the manufacturer, the bidder must propose a substitute or alternate product with similar functional value. Do not leave the item blank or unpriced. In the "Notes" space on the Excel sheet, indicate that the item is discontinued. AEPA has the right to remove the bidder's responses for discontinued items from comparative evaluation, since an equivalency among bidders may not be established for those items.

9.2.7. **New Items:** New items introduced by manufacturers or invented during the course of the contract may be added to the contract at the bid discount appropriate to its category.

9.3. **Customized Core List:** AEPA provides an Excel worksheet organized in Core Product Categories: A-List, B-List and Non-Core. The guidelines are as follows:

9.3.1. **A-List:** Specific line items sought, with their descriptions and model numbers are indicated on the Excel spreadsheet under the A-List category. This list represents the core items to be specifically priced for the contract. These are the most frequently ordered items by members using the AEPA contracts. Accordingly, AEPA and member agencies expect the most aggressive pricing on these items. All Core Items must be available to members the duration of the contract. In the event any item is discontinued by the manufacturer during the course of the contract, AEPA and member agencies may require the Contractor to add a functionally equivalent substitute item at the same price or discount structure.

Completing the Excel A-List spreadsheet: Each and every item on the Core List must be bid with a specific price. Leave no blanks. DO NOT enter any “no-bid” notations. If a Bidder does not have or carry a specified item, a substitute MUST be offered. Pricing must be in US dollars and cents. Spreadsheets filled out with pricing beyond two decimal points will be rounded to the nearest whole cent. Figure III shows an example of how bids should be offered in the spreadsheet for core list.

Figure III

Specifications of Items Sought					
Number	Category	Product Description or Specification (May Bid Equivalent in the Substitute Column)	SKU	Your Bid Price	Quantity of Lowest Common Unit in Package (e.g. a ream would equal 500)

9.3.2. **B-List:** The B-List pricing schedule addresses items that are inconsistently requested or available across the geographic breadth of the twenty-two member agencies. This IFB solicits an additional price discount formula for this customized list of up to 100 SKUs, unique to each of the participating member agency states. If the bidder is awarded a contract pursuant to this IFB, each participating member agency will execute a contract prior to March 31 for each year the contract is in force with the bidder with the right to create a customized core list (The B-List) for items proposed in this section.

9.3.2.1. Items on the B-List shall be made up of up to 100 items within the bidder's commercially available catalog, providing they are not already proposed on the A-List.

9.3.2.2. The B-List requested by a member agency may not include special order or customized service products unless the bidder/supplier agrees. Each contract year, prior to March 31, the bidder/supplier may object to up to 10 of the suggested items proposed by the member agency for inclusion on the B-List and offer substitutes, until an agreement of the total B-List is reached.

9.3.2.3. B-List items shall be sold with an additional bid discount price, as quoted and offered by the awarded bidder. Under no circumstances shall a supplier be required to sell items on the B-List below cost.

9.3.3. **Non-Core Commercially Available Catalog or Website Items:** A bidder must also offer a commercially available catalog, set of catalogs or a commercially available website from which purchasing agencies may order additional items beyond those enumerated on the A- and B-Lists. Pricing for res-of-catalog items in this category must be on a "discount percentage" from the catalog price or website price for general retail or educational sales. The bidder may establish multiple categories of variable discounts for items within its catalog or website. These discounts, whether a single percentage or variable percentage by category, must be listed on the "Quote Sheet" spreadsheet, part of the Excel document.

9.3.4. Guidelines for completing the B-List and Non-Core spreadsheet:

10. Evaluation

- 10.1. **Award of Bid/Contract:** AEPA and member agencies reserve the right to reject any or all bids, to waive any irregularities or informalities in any bids or the bidding, and to make its selection of awards based upon its best judgment as to which items substantially comply with the specifications, or which are most economical, and/or best suited for the purpose for which they are intended.
- 10.2. **Multiple Awards:** AEPA may recommend multiple awards, and individual member agencies reserve the right to adopt multiple awards as allowed by respective state law, particularly where catalogs offered are substantially different, where there are geographic or service level factors at play or where demand requires the service of multiple suppliers.
- 10.3. **Evaluation of Pricing:**
- 10.3.1. The evaluation process will primarily emphasize (1) the total dollar value of acceptable core line items multiplied by the estimated usage or quantity and (2) total dollar value of a market basket of non-Core items multiplied by estimated usage.
- 10.3.2. When the difference between or among any bids is less than 5%, the evaluation may also include: (1) the value of B-List discounts, (2) percent difference between line items and benchmark pricing, which consists of the current prices being paid under AEPA contracts, (3) number of line-item winds, that is, the total number of SKUs which have the lowest price among competitors, and (4) total dollar value of items offered multiplied by a quantity of one, where demand is unknown.
- 10.3.3. At the discretion of AEPA and its member agencies, the evaluation may exclude line-item anomalies, such as individual line-item prices based on abnormal packaging, discontinuations, prices significantly higher than competitor or than benchmark pricing where those items offered do not appear to be equal to or meet specifications.
- 10.3.4. **Samples:** AEPA and its member agencies reserve the right to request samples to ensure the equivalency of an item bid as a substitute. In such a case, bidders are bound to respond within five business days with the requested samples to a specified (USA) address. Failure to supply samples within the time specified can result in the rejection of the bid proposal as nonresponsive.
- 10.3.5. **Identical Bids:** If identical bids are submitted by responsible bidders, AEPA and its member agencies will determine the award by lot.

11. Post Award Requirements

- 11.1. **Purchasing Activity Report:** As per the conditions set forth in Part A of this IFB, the awarded bidder becomes responsible for submitting quarterly reports to participating member agencies that denote total quantities purchased by affiliate

members of each item awarded under the contract, within fifteen (15) days of the close of the quarter, in a format agreed upon with the member agencies. If the 15th day falls on a weekend or holiday, the due date shall fall on the next following business day. Failure to report on a timely basis can result in default of contract.

- 11.2. **Changes in Packaging for Core Items:** If during the term of the contract, a manufacturer 1) changes the packaging configuration that affects the unit of measure of the item, or 2) changes an item's SKU number, the supplier must promptly notify both AEPA and member agencies of the changes.

The contracted price for any item with new packaging must equal the bid price of the original item corresponding to the lowest, most common unit of measure. For example, if the original bid price was for two pens at 10 cents, and the new packaging was for a box of one dozen pens, the new acceptable contract price would be 60 cents.

Under no circumstances shall a supplier simply change its inventory policies to stock a new unit of measure in order to force an LEA to order more merchandise than the purchasing member originally expected by reading published bid prices. For example, a brand of pen was bid in a cello pack with three (3) pens inside. The cello pack is still available from the manufacturer. It is unacceptable for a supplier to discontinue the 3-pack in favor of a box containing a dozen pens, when the originally bid unit of measure, the 3-pack, is available from the manufacturer.

- 11.3. **Price Increase Rules:** Part A of this IFB allows price increases when manufacturer wholesale costs to the supplier increase. For the Instructional and School Supply Bid, the following rules shall apply to Part A's allowance for price increases:

11.3.1. During the course of the contract, eligible A-List core item prices may increase twice per year, based only on document wholesale increases, once on April 1 and once on October 1.

11.3.2. Forty-five (45) days prior to those dates, the supplier shall submit to the AEPA Oversight Committee a complete numbered list of the bid's A-List core items with pricing, noting any proposed price increases and also noting any discontinued items and suggested substitutions.

11.3.3. The Oversight Committee has the authority to audit the requested price increases, asking for documentation relating either to 1) a sampling of the proposed increases or 2) to any specific line item, or 3) to all proposed price increases.

11.3.4. The supplier's failure to comply in providing the timely documentation would by default disallow any price increases reviews for the core items until the next 45-day period preceding April 1 or October 1.

11.3.5. The Oversight Committee's approval or denial of the revised core item pricing will be distributed to member agencies for adoption in their respective states.

11.3.6. Discount formulas for the rest of the catalog and for the B-List shall remain constant for the term of the contract. When wholesale invoiced prices to the supplier increase, the supplier shall be allowed to increase the price basis for its bid formula in subsequent editions of its commercially available catalog(s). At that time, member agencies and their affiliate agencies would

be subject to the new catalog pricing in accordance with the supplier's bid formula.

- 11.3.7. The structure and logic of the base price formula of the supplier's catalog must remain constant for the term of the contract. If at any time a supplier, who has more than one price listed in a catalog, revises its commercially available catalog pricing by removing the price basis, the underlying structure and logic for the original price basis shall apply.

For example, a supplier may publish a "list price" alongside an "educator's price" (or "discount" or "our price"). If the supplier later removes the "educator's" price from the commercially available catalog, thereby removing the price basis of the bid formula, the supplier must make known to AEPA and its member agencies the logic and structure for the original "educator's price" and continue that pricing basis for the remainder of the contract. The final effective prices to be charged, before and after any allowable price increase, shall be compared to ensure that the disclosed price basis for the catalogs is true.

12. Substantiating Documentation

Part C of this IFB contains the instructions and forms for required substantiating documentation. Failure to provide complete information, as requested, may result in a determination of the bid being nonresponsive. The required responses and forms are:

- 12.1. Affidavit (of non-collusion), Form A, to be signed, scanned to an electronic folder and also produced as an original paper document.
- 12.2. Acceptance of Bid Award and Contract, Form B, to be signed, scanned to an electronic folder and also produced as an original paper document. In the event of an award, this document becomes the contract executed between the supplier and each of the participating member agencies.
- 12.3. Service Questionnaire, Form C, to be completed, with attachments as necessary, signed and scanned to an electronic folder. This form requests information about the bidder's proposed service through discounts, e-commerce, and customer support.
- 12.4. Company Information, Form D, to be completed, with attachments as necessary, signed and scanned to an electronic folder. This form seeks information about the bidding company's history and ability to meet its contractual obligations.
- 12.5. Exceptions, Form E., to be completed, with attachments as necessary, signed and scanned to an electronic folder. The bidder uses this form to express exceptions or alternates to the Terms and Conditions set forth in Parts A and B of this IFB. The bidder is reminded that AEPA cannot waive federal laws or laws and regulations in effect in the participating member agency states and affiliate members' local regions and municipalities.
- 12.6. Compliance, Form F, to be completed, signed and scanned to an electronic folder. This check-off form requires the bidder to indicate its ability to comply or deviate from the bid specifications enumerated in Part B of this IFB. The bidder is reminded that all items must be checked either comply or deviate.

- 12.7. Deviations, Form F.2., to be completed, with attachments as necessary, signed and scanned to an electronic folder. The bidder uses this form to explain any deviations indicated on Form F.
- 12.8. Pricing, Form G et seq., including the Core Pricing schedule. The bidder completes the Word document (Form G) attaching other forms and documents as required.

I. ABOUT AEPA

The Association of Educational Purchasing Agencies (AEPA) is a school procurement consortium established in 2000 through a Memorandum of Understanding, and incorporated in 2007 under the state laws of Nevada. Currently, 22 states have joined to issue simultaneous Invitations for Bids (IFB).

AEPA requests that bidders only respond if they are able to offer prices lower than what they ordinarily offer on separate, single school district contracts, and with prices lower than they would offer on a single state contracts or multi-state contracts that have a lesser volume.

AEPA's mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goals include working to secure multi-state volume purchasing contracts with benefits that are measurable, cost-effective and continuously exceed our members' expectations. AEPA is committed to accomplish this mission lawfully and ethically, using leading edge technology and futuristic business practices.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a manner in which they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

II. BID PROCEDURES

A. *Issuing Agency*

The great benefit to the bidder is that one response may be prepared for award by multiple agencies and their members located throughout many states. These 22 member states have members in various other states that are listed in their individual state's T& Cs. Bidders responding to this IFB will prepare two computer/electronic CD or USB Flash Drive of all files requested along with complete catalogs. Bidders selected in response to this single IFB have the potential to provide products and services to local education agencies serving over 30,000,000 students.

Each Member Agency will individually publish notice of the IFB. Bidders will send responses to a single receiving point for all Member Agencies. Responses will be evaluated by all Member Agencies collectively who have indicated they will participate in the category of products and services being solicited, and after AEPA approval, individual AEPA Member Agencies may award contracts to the selected respondents or reject their offers.

The procurement activities of AEPA are limited to document preparation, distribution of the IFB, initial evaluation, and recommendation for possible approval to Member Agencies. AEPA consists of agency officials who have agreed to assist one another in meeting the public purchasing needs of local school districts and other political subdivisions.

Contracts awarded through cooperative purchasing must meet the procurement laws of the states of Member Agencies. When these laws are satisfied, an individual entity using these contracts is deemed in compliance with bidding regulations. As allowed by specific state statutes, they can issue purchase orders for any amount without the necessity to prepare their own IFB, RFP, or gather necessary quotations. This saves the entity time and allows for economical and efficient purchasing.

State laws that permit or encourage cooperative purchasing contracts do so in the belief that lower prices will be the result. *A contract issued by a cooperative can be used by hundreds of separate political units; but if it has the same or higher prices than what a single agency can get through its own bid, a cooperatively bid contract makes no sense.* **AEPA requests that bidders only respond if they are able to offer prices lower than what they ordinarily offer on separate, single school district contracts, single state contract or multistate contracts that have lesser volume.**

AEPA policy for membership permits new Agencies to become Member Agencies upon approval of existing members. If additional Agencies are added, they and their members may procure from existing contracts upon approval of the awarded bidders and in accordance with their state laws.

B. *Voluntary Pre-Bid Conference Call – Pre-Registration Required by September 27, 2010,*

3 PM EDT.

AEPA will host a voluntary pre-bid conference call on Monday, October 5, 2010, for any interested bidders or potential bidders. The conference call times are set in the following schedule for each of

the four contiguous United States time zones. Bidders must register no later than Monday, September 27, 2010, 3 PM EDT, by emailing request to [Jill Gemberling](mailto:jgemberling@csiu.org) at jgemberling@csiu.org or by calling 570-523-1155 x2140. Bidders must indicate which bid category or categories that they would like to participate in their registration. An email confirmation with details of the phone conference will be sent to the bidder within 24 hours of receipt of their request. Each Bidder will be allowed only one phone line to participate in conference call. It will be the bidder's responsibility to have one primary person responsible for asking questions during the conference call.

C. Questions

All questions regarding this IFB shall be submitted, in writing, referencing AEPA Bid #011, to Tammy Standley, 2001 SW Nye, Pendleton, OR 97801, by fax to Tammy Standley at (541) 276-4252, or by email to Tammy Standley at tammy.standley@umesd.k12.or.us. All questions and responses will be available on the AEPA website (www.aepacoop.org) as addenda, and will become part of the bid documents. It is the bidders responsibility to check the website for the addenda prior to the bid deadline. Questions received less than seven (7) days prior to bid due date cannot be answered.

D. Bidder Qualifications

An essential part of the bid evaluation process is an evaluation to qualify the company being considered. All bids must contain answers, responses and/or documentation to the information requested in the Bid Documents. Any bidder failing to provide the required information/ documentation may be considered non-responsive. Bidders must demonstrate their ability, capacity and available resources to provide the products and services to all of the AEPA members indicating an interest in participating in the categories being solicited. The Bidders are required to communicate and demonstrate within their response they have extensive knowledge, background and at least five (5) years experience with manufacturing, obtaining, delivering, installing, maintaining and/or supporting the product lines of products, equipment, services or software offered. AEPA and/or its Member Agencies reserve the right to accept or reject newly formed companies or companies failing to demonstrate their abilities or capacity solely based on information provided in the bid response and/or its own investigation of the company.

E. Bid Security

Not all AEPA Member agencies' states require that a bid security be submitted at the time bids are due, however since there are some Member states that do require a bid bond or other type of bid security be submitted with the bid response. Those member states that require bid security have so indicated within their individual state terms and conditions (Part A, Section IV; Part B, Section 8 and Part C). As part of the evaluation process any respondent/vendor who fails to submit the proper form of bid security may be considered non-responsive.

F. Bid Submission

1. Preparation of the Bid Response

- a. The IFB is published in three parts. Part A contains the terms and conditions that apply to all IFB's in the current series of bids. Part B is the specifications for the bid commodity. Part C contains the Bid Forms to be filled out and returned by the bidder. Some bids may contain additional Parts or Forms.
- b. Parts A and B are available in Adobe PDF format.
- c. The Part C Bid Forms and any additional forms are designed to be submitted electronically. In addition to the common Terms and Conditions above, each *Member Agency* has submitted Terms and Conditions appropriate for their State. Each State consists of the following information:

A. Additional Member Agency Terms and Conditions identify items that apply to the procurement process in addition to the previously listed *General Terms and Conditions*.

B. Procedure for Processing Orders defines the process for accepting purchase orders, delivering the services and goods, invoicing for the items and obtaining the funds in payment for the goods and services. Some Member Agencies will have the Agency Members send them the purchase orders; others will have the individual Agency Members send the purchase orders directly to the contractor. *Member Agency* processes differ, and it is the responsibility of the contractor to become familiar with the procedures in each state.

C. Agency Members Purchasing under the Member Agency describes who is able to purchase under this contract in each of the states. Several Member Agencies provide services to all districts in those states. Other Member Agencies may have fewer Agency Member districts, but actually have a greater potential because of the population density. A few Member Agencies will provide services to more than the education community. The table at the beginning of the IFB summarizes the Member Agencies and the number of students contained in the member procurement units.

1. California, Monterey County Office of Education d/b/a CalSAVE

A. Additional Agency Terms and Conditions

(1) **Governing Law and Venue.** The laws of the State of California govern the Contract. Each and every provision of law and clause required by law to be included in the Contract shall be deemed to be inserted herein and the Contract shall be read and enforced as though it were included. If through mistake or otherwise any such provision is not included, or is not currently included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction. Venue for any litigation arising out of or related to the Contract shall be with either the Superior Court in and for the County of Monterey, State of California or the Federal District Court for the Northern District of California, San Jose Division.

(2) **Other Agencies' Right to Purchase.** Subject to the following terms and conditions, the Monterey County Office of Education (MCOE) consents to public school districts, K-12 private schools, charter schools, community college districts, and other state and local public agencies in California throughout the State of California (such agencies are collectively denominated as "Other Agencies" and each individually denominated as "Other Agency") purchasing identical items at the same unit price(s) under the terms and conditions of this Contract, as may be authorized by Sections 20118 and 20652 of the Public Contract Code or other legal authority:

- a) Any Other Agency authorized by law to use this Contract for its own purchase(s) from the contractor/vendor shall enter into a standard agreement with MCOE, which *inter alia* will include the terms, conditions, and information set forth in this paragraph *a* and paragraphs *b* and *c* below.
- b) After entering into a standard agreement with MCOE, an Other Agency electing to use this Contract will enter into a separate contract or purchase order ("Separate Contract") with the contractor/vendor. The Separate Contract must include and/or incorporate all applicable terms of this Contract and a specific requirement that the contractor/vendor comply with the provisions set forth in paragraph below regarding payment of the two percent (2%) participation fee to be collected by the Epylon Corporation. The MCOE will not be a party to any Separate Contract, but will be considered a third party beneficiary of such Separate Contract.
- c) The contractor/vendor understands and agrees that failure or refusal to comply with the provisions set forth in this agreement regarding payment of the two percent (2%) participation fee in conjunction with any Separate Contract or any other use of this Contract by an Other Agency is grounds for cancellation of the Contract. The contractor/vendor also understands and agrees that if the Contract is cancelled for this or any other reason, MCOE may give notice of such cancellation by any other means appropriate to inform Other Agencies of that cancellation.
- d) The MCOE waives any right it may have to require any Other Agency using this Contract to draw its warrants for the purchase(s) in its favor and consents to each agency making such payment(s) directly to the contractor/vendor.
- e) Sales tax and freight/shipping charges included in the Contract apply to the MCOE only. Additional sales tax and freight/shipping charges may be required on purchases by any Other Agency and are outside the scope of this Contract.
- f) This Contract and any Separate Contract are for the purchase of the items covered by Contract. An Other Agency may, however, exercise its authority under Education Code section 17597 or 81645 or other legal authority to sell and lease back any item owned by, or to be owned by, it pursuant to any Separate Contract. The contractor/vendor agrees to take any and all actions requested by any Other Agency that are necessary to effect any such transfer, by way of example

only, accepting payment under the Separate Contract from any third party to whom any such transfer is made.

- g) Both the contractor/vendor and any Other Agency using this Contract agree that the MCOE makes no representation that use of this Contract by any Other Agency is, in fact, authorized by law. In this regard, the MCOE suggests that, at a minimum, contractor/vendor and any Other Agency considering such use consult with their own legal counsels before doing so.
- h) Both the contractor/vendor and any Other Agency using this Contract agree to defend, indemnify and hold the MCOE, the Monterey County Superintendent of Schools, and the Monterey County Board of Education and its members, as well as all of their respective officers, employees and agents, free and harmless from any claims, liabilities, costs, penalties, or interest arising out of any such use.
- i) MCOE reserves the right to cancel the whole or any part of this contract due to failure by the contractor to carry out any obligation, term or condition of the contract. MCOE will issue written notice to the contractor for acting or failing to act in any of the following:
 - a. The vendor fails to adequately perform the services set forth in the contract;
 - b. The vendor fails to make progress in the performance of the contract and/or gives MCOE reason to believe that the contractor will not or cannot perform to the requirements of the contract;
 - c. The contractor fails to observe any of the terms and conditions of the contract;
 - d. The contract fails to pay participation fees;
 - e. The contractor fails to follow the established procedure for purchase orders, invoices and receipt of funds as stipulated by the MCOE. MCOE shall follow the following procedure if the contract is to be terminated:
 - i. Step 1 - Issue a warning Letter of Concern outlining the violations and length of time to correct the problem(s).
 - ii. Step 2 - Issue a letter of intent to cancel contract, if the problem(s) is not resolved by a given date.
 - iii. Step 3 - Issue letter to cancel contract.Upon receipt of the written notice of concern, the contractor shall have ten (10) business days to provide a satisfactory response to MCOE. Failure on the part of the contractor to address adequately all issues of concern may result in contract cancellation.
- j) The term of the agreement shall commence on the date of the award, and continue as stipulated in general terms and conditions, unless terminated, canceled or extended. Contract may be terminated by MCOE if members have not used the contract in any 12-month period, or if orders from participating members do not total \$10,000 in any 12- month period.
- k) Marketing and Advertising under this Agreement
 - a. Vendor will include the approved CalSAVE logo, web address, and toll free number in all print electronic mail and other advertising and promotion intended for release to California K-12 schools, excluding national marketing releases.

4) **Types of Products and Services to be Purchased.** An award by the Monterey County Superintendent of Schools under this solicitation will be for the purchase of equipment, materials, supplies, services or repairs to be furnished, sold, or leased in accordance with Public Contract Code 20111. When any services or repairs fall into a category of Public Works as defined in Public Contract Code 22002, a buying agency may use this California contract for services only up to \$14,999. For projects that cost \$15,000 or more, a local agency must bid itself independently for the services and labor related to the public work, but may use this California contract for the supplies, material or equipment related to the project.

5) **CalSave Administration and Agent.** *CalSAVE* is the cooperative purchasing program founded by the Monterey County Office of Education and administered by the Epylon Corporation under contract with MCOE, in cooperation with the California County Superintendents Educational Services Association (CCSESA). Epylon serves as MCOE's agent. Correspondence and communication related to the contract award or administration of the program should be directed to Epylon, 3675 Mt. Diablo Blvd, Suite 110, Lafayette, CA 94549.

6) **Participation Fees.** Transaction Fees are the funding source for the operation of the CalSAVE cooperative purchasing program. Awarded Vendors shall be required to pay a Transaction Fee ("Transaction Fee") for all purchases by entities made through the awarded Contract. For the purpose of this bid through Monterey County Office of Education and all Contracts awarded using this document, the Transaction Fee shall be 2 (two) percent of "Net Sales," which means gross sales less returns and cancelled orders within thirty (30) days, shipping and sales and other taxes (excluding taxes based on net income).

Transaction Fees will not be charged to or paid by the buyers themselves. Awarded Vendor or its designated authorized reseller(s) shall not include any additional amount corresponding to the Transaction Fees in the bid responses or awarded Contract prices. This applies to all orders, regardless of the method used to submit the order, or the quantity or dollar amount of the order. Epylon will collect the Transaction Fee on behalf of the CalSAVE program.

B. Procedure for Processing Orders

1) Once the award is made to the contractor/vendor, MCOE will inform Other Agencies of the Contract. At this point the contractor/vendor may directly contact any Other Agency and any Other Agency may directly contact the contractor/vendor.

2) The total cost of the MCOE's program is funded through a two percent (2%) participation fee paid to MCOE by the participating contractor/vendors. The administrative fee percentage is based upon the total sale of goods and services, including installation, if included. This fee shall be reflected in all price quotations under the MCOE agreement. Do not print the 2% fee as a line item on the quotation.

3) After entering into an agreement with MCOE, an Other Agency electing to use this Contract will enter into a separate contract ("Separate Contract") with the contractor/vendor. Purchase orders will be issued

by participating Other Agencies to contractor/vendor. Other Agencies will fax or mail purchase orders directly to the CalSAVE office (fax (866) 488-3729. All purchase orders received by 3:00 PM PST will be logged and forwarded to the appropriate vendor on the same day received whenever possible. Contractor/vendor will deliver goods/services and invoices directly to the participating Other Agencies and receive payments directly from the participating Other Agencies.

4) The contractor/vendor will make all participation fee payments to the Epylon within two weeks after sending the quarterly report. Checks are to be made payable to the Epylon Corporation and sent to 3675 Mt. Diablo Blvd., Suite 110, Lafayette, CA 94549. ATTN: CalSAVE.

The contractor/vendor will compile a quarterly report listing each purchase made by participating Other Agencies under this contract, and send them by the 15th of April, July, October, and January to Jodi Szuter with the e-mail address of Jodi@CalSave.org. These reports shall be in Microsoft Excel format and shall have file names that identify the contractor/vendor and the month being reported. They shall include the fields listed below, and shall allow for sorting on any of these fields: Date of Order, Name of Participating Other Agency, Item Purchased, Quantity, Unit Price, Extended Price.

The current agent for administration of this contract is the Epylon Corporation. MCOE reserves the right to change agents or to change the contact name of existing Agent's personnel administering the contract. If Agents or Agent personnel change, then reports and payments will be sent to the new contact specified.

C. Additional Piggyback and Standard School Supply and Equipment Authority

This project is a self-supporting function of the Monterey County Office of Education. Contracts are made available to all California public school districts, K-12 private schools, charter schools, community college districts, and any other California public agency.

The Monterey County Office of Education declares that items, personal property, equipment and licenses under Contract as a result of this Invitation to Bid will qualify as items to be included within its Standard School Supply and Equipment List. Because many County Offices of Education have banded together to create both the EdBuy and the CalSAVE programs for the purpose of collectively creating both a Standard School Supply & Equipment List and cooperative contracts, the items solicited and awarded through this bid may also constitute a portion of an official Standard School Supply and Equipment List for other participating County Offices of Education and County Superintendents of Schools. Purchases by other County Offices of Education and LEAs may be made, not only in accordance with Public Contracts Code [20118](#) and [20652](#), but also in accordance with Education Code [38110](#) and [38112](#) dealing with cooperatives and Standard School Supplies & Equipment.

2. Colorado, Colorado BOCES Association (CBA)

A. Additional Agency Terms and Conditions

Sales to Members: CBA requires that all participating vendors offer the Agency contract opportunity to all qualified membership. Qualified membership is defined under 3.

Special Bid Security: All Bidders shall comply with the State of Colorado procurement code bidding requirements.

B. Procedure for Processing Orders

- Once the award is made to the vendor, CBA will inform its members of the contract by:
 - a. Including the contract in the agency database that is available on the CBA website.
 - b. Announcing the award in its periodic newsletter and other CBA Member presentations as well as regular electronic and direct mail communications to members
 - c. Offering the opportunity to the vendor to publish the marketing information in a hard copy CBA purchasing catalog.
- A list of members, institution names, contact names, addresses and phone numbers via e-mail will be offered to the vendor. At this point the vendor must contact the members and members may contact the vendor. Note: CBA requires the awarded vendor to take ownership and actively promote the contract in cooperation with CBA to all qualified customers.
- When the member identifies a desired product or service as available through the AEPA contract and agrees on price as presented to the member by the awarded AEPA vendor, the member then issues to the vendor a purchase order for that item or service.
- The awarded price must include an additional one percent (1%) administrative fee in the total cost, based on the total cost of goods and services including installation. This fee is to be forwarded by the vendor to CBA after the sale and payment is made to the vendor. Payment shall be made to CBA on a quarterly basis along with complete sales history during that period.
- The sale and transaction may continue without delay or anticipation of the CBA denial of said transaction.
- When all the items and services on the purchase order have been delivered to the member in a complete and satisfactory manner, vendor then forwards a copy of the invoice to CBA. The invoice is to be marked "COPY". The administrative fee percentage (1%) is based on the total sale of goods and services including installation and must be included in the original quoted to the member. In the event of a lease, the total administrative fee from the value of goods shall be paid to CBA by the vendor at the front end of the lease.
- Vendor makes all deliveries and installation of products and services. CBA does not warehouse items nor provide services.
- CBA requires that all participating vendors offer the Agency contract opportunity to all qualified membership. Qualified membership is defined under 3.

C. Members Purchasing Under the Agency

BOCES in Colorado are a legislatively created cooperative organization formed and directed by Colorado state statute 22-105 to serve all qualified agencies in a cooperative manner. BOCES are governed by publicly elected officials and by state and federal laws. No agency is obligated to use these services and contracts, but they find the benefits of low price and the satisfied bidding process most advantageous. Qualified agencies in Colorado include all public or private educational institutions and all non-profit, state or local agencies.

3. Connecticut, Capitol Region Education Council (CREC)

A. ADDITIONAL MEMBER AGENCY TERMS AND CONDITIONS

Applicability of Contract Provisions to Connecticut Participants

The Capitol Region Education Council (CREC) is the AEPA Member Agency. Any entity that uses the contract awarded by CREC under this document is referred to as a "Participant." The bidder that is awarded the contract by CREC is referred to as the "Contractor."

Modification to Bid Language in the AEPA Invitation for Bid

The Bidder by submitting its bid hereby declares that this Bid is made without any connection with any other person or persons making any proposal for the same items, that it is in all respects fair and without collusion or fraud and that no person acting for or employed by CREC or a Participant is directly or indirectly interested in the proposal or in the goods or services to which it relates, or in any portion of the profits therefrom.

Modifications and Additions to Contract Language in the AEPA Invitation for Bid

A. Event of default and termination of Contract:

CREC shall have the right to cancel the contract based upon a default by Contractor. A Participant shall have the right to cancel its purchase arrangement based on a default by the Contractor with regard to such purchase arrangement. In addition, CREC and each Participant reserves the right to withhold payments for goods and services that are not in compliance with the terms of the contract or if the Contractor is in default. Any of the following shall be a default under the contract: 1) The Contractor fails to adequately perform the services set forth in the contract; 2) Contractor fails to deliver all or any part of the goods, or delivers defective goods; 3) The Contractor fails to make progress in the performance of the contract and/or does not deliver within the agreed-upon schedules; 4) The Contractor fails to observe any of the terms and conditions of the contract, including, without limitation, assigning the contract and/or failing to deliver required insurance or performance bonds; 5) The Contractor fails to follow the established procedure for purchase orders, invoices and receipt of funds as stipulated by the Participant; or 6) the Contractor has become insolvent, makes an assignment for the benefit of creditors, files a voluntary petition in bankruptcy or is subject to an involuntary petition in bankruptcy not discharged within thirty (30) days. CREC and each Participant shall follow the following procedure if the contract or purchase order is to be terminated:

Step 1 – Issue a warning letter of concern outlining the violations and length of time to correct the problem(s). The length of time to correct the problem shall be determined by CREC or the Participant, as applicable, in its sole discretion, based on the problem.

Step 2 – Issue a letter of intent to cancel the contract or purchase order, if the problem(s) is not resolved by the given date.

Step 3 – Issue the letter to cancel contract or purchase order.

Upon receipt of the written notice of concern, the Contractor shall have ten (10) business days to provide a satisfactory response to CREC and the Participant that provided the notices. Failure on the part of the Contractor to address adequately all issues or concerns may result in contract cancellation.

The remedy to terminate and withhold payments is in addition to any other remedies CREC and the Participants may have. In the event of Contract termination by a Participant, such Participant's payment obligation shall cease as of the final date on which services in accordance with this Contract are last performed by the Contractor. Upon termination of this Contract under this section, the Contractor (and its surety) will be responsible for all of such Participant's expenses, losses and damages incurred in replacing Contractor for the remainder of the term of the Contract.

B. Assignment:

Contractor shall not subcontract, assign, transfer, convey, sublet or otherwise dispose of its/his/her contractual duties to any other person, firm, or corporation, without the previous written consent of CREC and any Participant that has an outstanding open purchase order or financing arrangement. If the Contractor wants to assign its/his/her right to payment of the Contract, Contractor shall notify CREC and any Participant that has an outstanding open purchase order or financing arrangement immediately, in writing, of such assignment of right to payment. In no case shall such assignment of Contract relieve the Contractor from its/his/her obligations or change the terms of the Contract.

C. Indemnification:

Contractor shall indemnify, defend, keep and save harmless CREC, each Participant and its respective agents, officials, employees and volunteers (each an "Indemnified Party") against claims of injuries, death, damage to property, patent claims, suits, liabilities, judgments, cost and expenses (including attorneys' fees) which result from, arise out of, or in connection with the performance, or breach of performance, under the Contract of Contractor and any of its/his/her employees, agents or personnel. The Contractor shall, at its/his/her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith; and if any judgment shall be rendered against the Indemnified Party in any such action, the Contractor shall, at its/his/her own expense, satisfy and discharge the same. Contractor expressly understands and agrees that any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Indemnified Party as herein provided.

D. Participant Policies:

The Contractor must be familiar with a Participant's policies or regulations which affect the services provided under this Contract and that have been or will be distributed during the term of this Contract. Policies and regulations include but are not limited to school district or organization policies, town policies, charters, and ordinances.

As each municipality, board of education, governmental agency, educational institution, and non-profit organization in the State of Connecticut may have or may be required to have, individual policies and procedures for the procurement of goods and services; and as one of the aforementioned institutions/agencies may be dependent upon the policies/procedures of another institution or agency, it is required for the Contractor to be familiar with the policies of the Participant that impact the purchase. In limited situations, there may be State statutes which govern the allowability of purchases to be reimbursed by State funding. The Participant should obtain its own legal advice on these statutes prior to purchasing under a contract.

E. Performance Bonds:

Each Participant may require a performance bond in the case of services to be performed under the Contract if required. The Contractor shall furnish to the Participant a Surety Performance Bond (“Performance Bond”) with an option to renew each succeeding year of the Contract in a form satisfactory to the Participant assuring the faithful performance of the Contract. The Bond shall be equal to one hundred percent (100%) of each year’s estimated Contract price as reviewed and agreed upon by the Participant, and shall be continued for the life of the Contract in amounts equal to one hundred percent (100%) of each year’s estimated Contract price as reviewed and agreed upon by the Participant. The Contractor must send such Performance Bond to the Participant prior to the commencement of any services under the Contract. Each such Performance Bond shall be furnished by a surety company acceptable to the Participant and licensed or authorized to do business in Connecticut and New England. Failure to deliver the bond shall be considered a default under the Contract, at the discretion of and upon notice by the Participant.

F. Governing law:

This Contract shall be governed by, and construed and enforced in accordance with, the laws of the State of Connecticut without regard to its conflicts of laws principles.

Conflict of Interest

The Contractor shall disclose any relationship with a CREC employee that would not be considered an “arms-length” or independent transaction, as described below. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

A CREC employee (including independent contractors for purposes of this definition) placing an order or recommending a vendor must disclose any relationship with that vendor which would not be considered an “arms-length” or independent transaction. This disclosure must be made in writing to CREC for an evaluation. CREC will respond to this disclosure in writing.

For a transaction to be considered “arms-length” or “independent”, a CREC employee should not be influenced, dependent upon, guided or controlled by a vendor into choosing that vendor, or item to purchase; nor should it appear to a third party that a CREC employee made a purchasing decision which appears to be based upon a personal relationship between the CREC employee and vendor.

The following are examples when a transaction is NOT considered arms-length or independent: (1) when there exists a personal relationship between a CREC employee and a vendor, (2) when there exists the potential for a personal benefit to a CREC employee, or (3) the parties to a business deal are dependent upon one another for “something” other than the purchase itself.

In addition, the Contractor shall, if given a copy of the potential Participant’s conflict of interest policy, follow the process in that policy, or otherwise disclose to a potential Participant any relationship that would not be considered an “arms-length” or independent transaction with that Participant, as described above. This disclosure must be made in writing to the chief official (for example, the Superintendent at a board of education) at the potential Participant.

Determination of the existence of a conflict of interest does not prohibit CREC and/or a Participant from entering into the contract and purchase order, respectively.

Financing Arrangements

Any financing arrangements (including lease purchasing arrangements) will be made directly between the Contractor and a Participant. Financing arrangements may be subject to additional laws, rules and

regulations, terms and conditions not described in this document and are subject to separate negotiation with each Participant that is interested in such an arrangement. Each Participant should seek its own legal advice prior to entering into a financing arrangement. CREC must receive a report annually summarizing the executed lease purchases along with the summary of the customer purchases. CREC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Contractor and the Participant only.

Affirmative Action

The Contractor must have an employment policy that there shall be no discrimination against anyone on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, physical disability or sexual orientation in the hiring, upgrading, demotions, recruitment, termination and selections for training, in any manner prohibited by the laws of the United States or of the State of Connecticut. The Contractor further agrees to be an "affirmative action-equal opportunity employer."

Independent Contractor

The Contractor shall not be held or deemed in any way to be the agent or employee of CREC and/or a Participant. It is the intention of the parties that the Contractor shall be and is to be considered an independent contractor.

Incorporation of Bid Documents

The bid documents, including all appendices executed by Contractor that have been accepted by CREC (the "Bid") are specifically incorporated into this Contract.

Freedom of Information Act

The Contractor acknowledges that CREC and some Participants are subject to the Freedom of Information Act, Connecticut General Statutes Sections 1-200 et seq., and submitted to CREC and/or such Participants may be made available to the public under the provisions of the Freedom of Information Act.

Marketing and Advertising under this Contract – applicable to Member Agency (CREC) contract only:

B. PROCEDURES FOR PROCESSING ORDERS – applicable to Member Agency (CREC) contract only

- A. Once the award is made to the Contractor, CREC will inform the potential Participants of the Contract through a webpage dedicated to the contract on the CREC website. At this point the Contractor may directly contact any potential Participant and any potential Connecticut Participant may directly contact the Contractor.
- B. Purchase orders will not be accepted or processed by CREC. All business will be contracted directly with the Participant, which will issue a purchase order and provide payment for the applicable good or service directly to the Contractor.
- C. To the extent not otherwise described in this document, once a purchase order is issued by a Participant to a Contractor, all of the provisions of the contract shall benefit and be enforceable by such Participant, unless specifically identified as applying to CREC only.
- D. The total cost of CREC's program is funded through a 1.5% participation fee paid to CREC quarterly by the participating Contractors. The administrative fee percentage is based upon the total sale or lease of goods and services, including installation, if included. This fee shall be included in all price quotations to Participants and shall not be printed as a line item on the quotation.
- E. Along with the participation fee, the Contractor will produce and provide to CREC quarterly reports throughout the contract period using the standard format required by AEPA.
- F. Quarterly reports and administrative fee payments are to be made payable to CREC and sent to Capitol Region Education Council, Attn: Cara Hart, 111 Charter Oak Avenue, Hartford, CT 06106 or such other address that CREC will provide from time to time.
- G. If no purchases are made in any given quarter, the Contractor shall remit a "No Activities" statement to CREC for that quarter. The Contractor will also produce and provide to CREC an annual summary report for all purchases made under each contract awarded by CREC pursuant to this document for a period beginning with the award of the contract and ending February 28 and all consecutive annual periods, if the contract is extended.

C. AGENCY MEMBERS PURCHASING UNDER THE MEMBER AGENCY

There are 169 school districts in Connecticut and all are eligible for membership. No district is obligated to use these services. Additional members may include other public educational institutions, public colleges or universities, community colleges, vocational or technical schools, municipal governments, and other governmental, quasi-governmental, or non-profit organizations.

Work in Other States

CREC is making the CT AEPA contract available for vendors to use in all 6 New England states – CT, MA, ME, NH, RI, and VT. Sales made in any of these states using the AEPA contract are to be reported to CREC, with the 1.5% administrative fee made payable to CREC. The Contractor must advise CREC its intent to use the contract in any of these states so that we may inform the AEPA board.

All Terms and Conditions for Connecticut apply to work in these states. It is the Contractor's obligation to ensure that the purchaser fully understands the AEPA contract, including whether it is allowable under applicable state regulations.

D. PORTABLE/MODULAR CONTRACTS ONLY

In the state of Connecticut, at the time of this bid posting, the following holds true:

If a school district is seeking state reimbursement, the district is automatically redirected through a process with stringent requirements that precludes the use of a pre-bid contract. Districts will still have to go through a bidding process, but can avail themselves of AEPA pricing through that process. If funds other than state reimbursement dollars are being used, then local policies prevail.

In addition, when public monies are used for a project that exceeds \$100,000 in renovations or \$400,000 for new construction, the state's prevailing wage rates must be met.

This information will be distributed to all school districts upon award of this bid.

Vendor agrees to abide by all federal, state and local laws and regulations. It is the responsibility of the Vendor to determine applicability and requirements of any such laws and to abide by them.

B. Procedures For Processing Orders

Once the award is made to the Vendor, PAEC will inform all school districts of the contract by:

12. Order of Precedence

The vendor understands and agrees that each of this solicitation and any contract/purchase order of the Agency Member or Other Agency is a part of the complete agreement between the Vendor and the Agency Member or Other Agency as if each were set forth entirely within the agreement between the Vendor and the Agency Member or Other Agency. 15. Governing Law

Any contract arising out of this solicitation shall be governed by and construed under the laws of the State of Michigan. In the event of any legal action to enforce or interpret any contract arising out of this solicitation, the sole and exclusive venue shall be the state or federal court of the local jurisdiction where the Agency Member or Other Agency is located.

The alternative pricing/costing is calculated as follows:

1. The vendor must prepare, issue, and receive three written quotes from available suppliers and select the supplier that offers the products and services that meets the stipulated requirements and specifications and the most cost effective solution. All quotes must be made available upon request.
2. The vendor must indicate the percent of overhead and/or markup as part of their response to be added to these costs to obtain the normal and customary retail price.
3. The vendor must indicate the percent of discount offered under CES to its Members/Participating Entities on the normal and customary retail price.
4. The CES price is calculated by taking the product and services cost to the vendor plus the indicated percent of profit/overhead to equal the normal and customary retail price. The vendor will then subtract the approved CES discount to obtain the CES price. Example: item cost \$1,000; percent of profit/overhead of 20% equals retail price of \$1,200; less the CES discount of 10% or \$120 equals the CES price of \$1,080.

1. It is the contractor's responsibility to be acquainted with the New Mexico Department of Workforce Solutions' rules, regulations, procedures and requirements relating to state wage rates, and to comply with state and federal regulations regarding payment of wages on public projects. The contractor, as established by the New Mexico Department of Workforce Solutions and Industrial Commission, will pay wage rates for every job performed under this contract with a total project cost of more than Sixty Thousand Dollars (\$60,000) on an individual basis. The contractor will pay all mechanics and laborers employed on the site of the project by the contractor, unconditionally and not less often than once a week, and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the advertised specifications.

2. The New Mexico Department of Workforce Solutions requires that certain forms be completed for every project that needs a wage decision issued. CES will submit for the wage decision and, upon receipt of the decision, will provide it to the prime contractor. The contractor is responsible for completing and submitting the required forms to the NM Department of Workforce Solutions and must provide CES with a copy of the following required forms: NOTIFICATION OF AWARD, STATEMENT OF INTENT TO PAY PREVAILING WAGES, and AFFIDAVIT OF WAGES PAID.

Payment Retention, Progress Payments

1. In order to comply with New Mexico House Bill 320, NMSA, 2001, Section 4. A., Retain age Act, CES will not retain any funds on progress payments during any construction projects. The prime contractor agrees to only request payment for goods and services delivered, received and accepted by the Member/Participating Entity.
2. CES will not withhold any amount for retain age. However, Final payment of a contract, for which progress payments have been made, will not be made until project is totally completed (including punch list items, closeout documents delivered), and the final application for payment is signed by the CES Member/Participating Entity, received and audited by CES.
3. If the Member/Participating Entity and the prime contractor agree to retain age or a substitute security, the agreement must be in full compliance with New Mexico Procurement Code and House Bill 320. If a substitute security or retain age is agreed upon, written notice must be provided to all parties prior to the issuing of a CES purchase order.

Progress Payments: Under this solicitation, CES, its Members and Participating Entities may allow progress payments to be made on goods and/or services received and accepted under the following conditions:

1. The agency and the Contractor agree to the terms of the progress payments prior to issuing a purchase order to the Contractor.
2. The purchase order and/or the cost proposal in which the purchase order is based clearly identify and describe the amount(s) to be paid and the date(s) payment(s) are to be made.
3. The agency has satisfactory method/criteria of verifying progress (milestones) stated and agreed to in the written cost proposal and/or purchase order.
4. Payments will be made only after actual goods and/or services are verified, received and accepted.
5. Payments will be made in full compliance with the agency's local administrative procedures, board policies and any/all other applicable state rules, regulations and statutes.

Progress Payments Processing: All progress payments must be invoiced through CES. It is the responsibility of the procurement unit and/or its designee to review and approve any estimates of work completed. If the procurement unit or their designee issues a written statement to the contractor that the estimate of work is not approved and certified, the procurement unit may withhold an amount from the progress payment determined to be reasonably sufficient to cover the deficiency set forth in the written finding. In such cases, the contractor agrees to hold CES harmless for any deficiency of payment. If any payment is delayed beyond 45 days from the due date, the contractor agrees not to charge CES interest on the late payment. Any late charges will be the total responsibility of the procurement unit. The contractor can extend any due date to avoid the requirement to pay interest. Acceptance of final payment is a waiver of all claims, except unsettled claims previously made in writing.

B. Procedure for Processing Orders

Once the contractor is notified of a member/participating entity interested in having them provide construction products and perform services. The will familiarize itself with the site and project scope of work by conduct and perform its own site investigation, research, analysis and ask the pernet questions in order to obtain a complete and comprehensive knowledge and understanding of the

project's terms, conditions, requirements and the owner's expectations prior to developing, preparing and submitting a project cost proposal.

Ordering Process: CES currently offers two (2) procurement/purchasing options: the *traditional method* which occurs when online purchasing is not selected by the Member/Participating Entity; all orders accepted by the Contractor under this method must be issued by CES. CES Members/Participating entities will submit signed purchase orders to CES. CES will then issue a purchase order to the Contractor. When necessary, one or more orders may be combined. The Contractor must agree never to accept a purchase order based on this procurement method, unless the purchase order is issued by CES. The second method is the *CES e-commerce CPP (Cooperative Purchasing Program)* online ordering solution, which allows the CES Members/Participating Entities to go online and create an order and issue a purchase order through the system directly to the Contractor; the Contractor delivers the product/services; invoices the Member/Participating Entity; the Member/Participating Entity pays the Contractor; and the Contractor rebates the CES administrative fee to CES, unless an agreement to deviate from this process has been approved in writing by both parties.

1. Contractor provides quote to the member and the quote includes the CES two percent (2%) administration fee.
2. If acceptable, the member issues CES a purchase order for the quoted amount.
3. CES verifies the quote with the solicitation response and issues a purchase order to the Contractor for two percent (2%) less than the Contractor's quote to the member.
4. The Contractor provides the items or services and invoices CES for the amount of CES' purchase order to the Contractor.
5. CES invoices the member.
6. The member pays CES.
7. After receipt of the member payment, CES pays the Contractor for items and services delivered and accepted by the member, not to exceed the purchase order amount.

Contractor's Quote/Proposal to CES Member/Participating Entity: When preparing a quote/proposal under a CES awarded contract, the contractor must clearly identify and break out supplies, materials, equipment and services into individual line items as they appear on the contractor's awarded price schedule or pricing methodology. Stated prices must include the CES two percent (2%) administrative fee.

Billing: All invoices will be from the Contractor to CES, its Members or Participating Entities and will list the agency's purchase order number(s) issued. If issued by CES, the CES Member's/Participating Entity's name will be on the invoice. The Contractor will only issue invoices to CES, CES Member or Participating Entity from which the purchase order was issued. The Contractor will only accept a purchase order from a Member or Participating Entity in accordance with the purchasing process identified and agreed to by CES and the Contractor.

Once the award is made to the contractor, CES will inform its members of the contract by: 1) including the contract in the agency database that is available on the CES website, 2) announcing the award in its periodic newsletter, and 3) publishing the contract information in a catalog disseminated to all members. A list of members' and participating entities' names, contact names, addresses, and phone numbers can be viewed or downloaded by going to CES' website (www.nmedu.org).

B. Procedures for Processing Orders

PROCEDURAL

Once the award is made to the vendor, UMESD will inform its members of the contract by: 1) including the contract in the agency database that will be available on the UMESD website, 2) announcing the award in a periodic newsletter, and 3) publishing the contract information in a cooperative purchasing catalog hard copy and online catalog and disseminated to all members. A list of members, institution names, contact names, addresses and phone number on a computer disk is made available to the vendor. At this point the vendor contacts the members and members may contact the vendor. When the member identifies a product or services and agrees on price it issues to Vendor a purchase order for that item or service, referencing the AEPA Bid number. The purchase order must include an additional one percent (1%) administrative fee in the total to be forwarded by the vendor to UMESD after the sale. All participating vendors agree to and are subject to audit proceedings of UMESD member sales.

Upon receipt of the purchase order, the vendor provides the goods or service listed on the purchase order. It is important to remember the vendor makes delivery to the member unless other arrangements are made in cooperation with UMESD. When all items and services on the purchase order have been delivered to the member in a complete and satisfactory manner, vendor then invoices the member for the goods and service. This invoice includes the additional one percent (1%) administrative fee to the total amount invoiced of the goods or service provided by the vendor. This percent is based on the total sales of goods or services. The member then pays the vendor including the one percent (1%) administrative fee. UMESD then invoices the Vendor for the 1% administrative fee based on the sale of goods and services collected by the vendor.

C. Agency Members Purchasing under the UMESD

UMESD is an educational service district organized under the laws of the State of Oregon. Pursuant to Oregon Law, UMESD is authorized to cooperate with other entities and in such regard is authorized to cooperate with them in purchasing of goods and services pursuant to these contract documents. As other entities cooperate with UMESD to take advantage of the goods and services made available pursuant to these contract documents, the terms and conditions of any such sales shall be in accordance with the contract documents.
